ORDER WARD CORPORATION DISSOLVED

FOOD PRODUCTS CONCERN WILL LOSE CHARTER

Two Billion Dollar Organization To Cease Activities Within Thirty Days Under Consent Decree Issued By Federal Judge Soper At Baltimore.

BALTIMORE, April 3.—(By the Associated Press.)—The Ward Food Products corporation, incorporated under Maryland laws with an assessed capitalization of $2,000,000,000, is ordered to dissolve within thirty days and surrender its charter to the state under a consent decree issued by Judge Morris A. Soper in Federal District court today.

The decree provides also that the capital stock of the General Baking corporation shall be decreased, and orders complete separation of the Ward Baking corporation, the General Baking corporation and the Continental Baking corporation.

Government Winner.

WASHINGTON, April 3.—(I. N. S.)—The government won another alleged gigantic food monopolies round today in its efforts to smash

A consent decree dissolving the Ward Food Products corporation was entered in the Federal court in Baltimore today.

The $2,000,000,000 Ward corporation must be dissolved within thirty days under the decree. It must forfeit all its corporate privileges and surrender its charter.

Had the merger been consummated it would have violated both the Clayton and Sherman anti-trust laws, the decree said.

Only a month ago the government broke up the $21,000,000 National Food Products corporation, when a consent decree was entered in New York Federal court.

Following are the chief points in the decree:

1—The General Baking corporation within one year must reduce its capital by cutting its non-voting stock from 5,000,000 to 2,000,000 shares.

2—William B. Ward must liquidate his holdings of 1,000,000 shares of voting stock in the General Baking corporation.

3—The Ward Baking corporation, the General Baking corporation and the Continental Baking corporation were enjoined from holding stock in any other of the corporations named.

4—The corporations were enjoined from controlling or directing any of the others, or uniting in a common policy.

5—The corporations were forbidden to acquire or hold stock in all competing companies.

6—William B. Ward, George G Barker and Paul Helms were enjoined from holding stock in more than one of the corporate concerns.

As a result of the decree, the federal trade commission's charge against the Continental Baking corporation that it acquired stock in competing companies was dismissed.

U. S. DECLINES PART IN WORLD COURT PARLEY

Will Not Be Represented at Geneva Meet On Senate Reservations.

League Officials Astonished at American Reception Of Suggestion.

WASHINGTON, April 3.—(By the Associated Press.)—A note declining the League of Nations invitation to the World court conference at Geneva will be forwarded early next week by Secretary Kellogg.

Geneva Astonished.

WASHINGTON, April 3.—(By the Associated Press.)—Likelihood of American participation in the Geneva conference for discussion of the senate's World court reservations was more remote than ever today after the unmistakable disclosure of President Coolidge's opinion that the League of Nations invitation to send a delegate should not be accepted

Dispatches saying that surprise had been caused in Washington by action of the league in sending a circular letter to court members asking them to be represented at the conference, meanwhile have brought expression of astonishment from officials at Geneva. The sending out of the invitations, they explained, was merely a routine compliance with the league council's decision to arrange a round-table conference on the reservations.

The suggestion in the letter that court members, in replying to communications from the United States laying before them the senate reservations indicate the difficulty of proceeding by way of a mere exchange of notes and the need of a general agreement, they added, was quoted from Sir Austen Chamberlain's report on the subject, unanimously adopted by the council.

It is, of course, possible that some unexpected development might cause the president to change his mind about the Geneva conference, but at present he sees no reason to alter the method of direct negotiations with the fory-eight court members initiated by the state department to deermine wheher the United States shall ener the court under the senate reservations. They require no explanation, he feels, and besides, the senate itself voted in favor of such procedure.

WINN SENTENCED TO BE HANGED

"Grandma" Nusbaum, 60, To Go To Prison For Life For Slaying.

CHICAGO, April 3.—(By the Associated Press.)—John Walton Winn today was sentenced to be hanged April 23 and Grandma Eliza Nusbaum, 60 to go to prison for life for the murder of her invalid husband, Albert Nusbaum, last December.

Edward Goff, one of three who pleaded guilty as accessories to the murder of Nusbaum, was sentenced for twenty-five years; Mrs. Delilah Martin and Martin Stringham, the others tried were given the minimum punishment of fourteen years.

The trio confessed their parts in the conspiracy and all testified for the prosecution that after Nusbaum had been lured to the Martin home, Winn beat him to death and then the body was hauled away in Nusbaum's own automobile and Goff drove the Nusbaum car afterward, carrying Winn to Grown Point, Ind., where he was arrested.

Escaped Pheasant Takes Acid Bath In An Engraving Shop

One of the state's pheasants sent to Lincoln in a consignment from Howard county, for reshipment elsewhere in Nebraska, created a rough house Saturday morning in the shop of the Lincoln Engraving Co., upstairs at 132 South Eleventh street, when it flew in from the street, dashed against a skylight, fell back into an acid tank, knocked over and broke some photographic negatives and glass utensils, and drenched employes with liquid from the tank, before it was captured.

The bird was one of several that escaped Saturday forenoon while being transferred from one shipping crate to another at the C. Mozer & Bros. poultry house, 432 South Eleventh. It apparently became confused by the unfamiliar turmoil of city streets, and instead of heading for the open country as the others did it flew three blocks northward on Eleventh and then up a stairway to the second floor of the building occupied by the engraving company and other firms.

Persons working in the establishment did not know what had happened when the creature came whizzing in from the hallway and began knocking itself against the ceiling and the skylight. It fell twice into the acid jar and its flapping wings worked considerable damage to nearby glassware. The skylight, however, proved too thick and tough for the pheasant to break through, and finally it fell exhausted to the floor.

It was then picked up, the acid was wiped off its head, feet and feathers, and in a short time revived sufficiently to stand up. It was put into an improvised cage and later the Mozer firm sent for it.

"Eight or ten of the birds got loose this forenoon while being rehandled at our place," said Mr. Mozer. "In fact, we have been losing a few that way every day. This is the first one that has caused any trouble, as the pheasants are pretty wild and usually lose no time in taking flight. I watched one sail over to the state university campus, light in the top of a tree there, and after resting a mnute or two start off toward West Lincoln. Most of those that broke out headed in the direction of Capital Beach."

LOSES APPEAL ON BIG CLAIM

Court Commission Holds Fred Lunsman Not Entitled to Additional Sum For Injuries Sustained During Fred Brown Chase.

SETTLED WITH THE STATE FOR $1,000

Lancaster County Farmer Sought to Collect $18,110 From Former State Sheriff Gus Hyers and Two Special Guards.

Because Fred W. Lunsman, farmer who sued former State Sheriff Gus Hyers, Lloyd Gettys, and Howard Morris for $18,110 for injuries sustained when he was shot and wounded during the chase for Fred Brown, Omaha "chainman," several years ago, accepted $1,000 appropriated by the state legislature to compensate him for his injuries, he cannot collect from these individuals, the supreme court commission ruled Saturday morning

Brown was being sought in Lincoln and Hyers, then state sheriff, was in charge of the search. He had detailed Gettys and Morris along with a number of others to guard the highways to prevent Brown from making an escape Morris and another man were stationed at the Oak creek bridge north of Lincoln the night of the accident, Lunsman was on his way home from Lincoln. As he approached the bridge, he was ordered by the guards to halt. According to the testimony in the case, Lunsman thought the men were highway men and attempted to go by them and get away. A shot was fired and Lunsman was struck in the arm.

Lunsman was given $1,000 by the state legislature in 1923 and accepted it in full payment for his injuries. Later he began suit in the Lancaster county district court to collect $18,110 from Hyers, Gettys, and Morris. He asked $13,000 for the loss of use of his arm, $5,000 for the pain and mental distress

Chapman Is Again Loser

HARTFORD, Conn. April 3—(AP)—Judge Newell R. Jennings destroyed Gerald Chapman's last hope of escaping the gallows Monday through court action by ruling this afternoon that the new evidence presented by his attorneys today was not worthy of hearing in a formal motion for a new trial.

Chapman's only chance now lies in the board of pardons or an executive reprieve.

Judge Jennings said he would see the governor this afternoon and talk the case over.

Judge Jennings said that his conference with the governor would be simply to acquaint him officially with the decision.

"Judge Marvin and I have listened to the arguments of counsel," Judge Jennings said, "and have examined the papers sent in for a petition for new trial, with affidavits attached, and have? decided that we would not pass on the petition since it is not returnable until the first Tuesday in May."

Grummann Says Art Appreciation Important Study

Prof. Paul H. Grummann, director of the school of fine arts, University of Nebraska, spoke Saturday noon at the regular weekly meeting of the Professional Men's club, held at the Lincoln hotel.

Professor Grummann discussed the rise of cultural studies in universities, tracing them to the monastic age when certain specialized studies were offered for the sons of noblemen.

The cultural tendency was later displaced by the scientific attitude, and today there is a constant batile between exponents of the two theories.

The greatest need today is for training in the appreciation of art, he said, and quoted Charles W. Elliot as supporting this view.

In discussing vocational education he suggested that the girl who studies stenography, medicine, or other specialized lines, is receiving poor training for motherhood. He urged instead courses in home economics, preventive medicine and in the fine arts.

In reply to a question by H. Parvin Witte, Professor Grummann said that in the high schools, particularly in the Lincoln high school, there is too much imitation of the university.

No Snow Here Easter Sunday, Says Forecast

Easter Sunday in Lincoln will be minus the rain or snow predicted for other parts of the state, according to the local weather bureau forecast Saturday morning Slowly rising temperature was also predicted for this vicinity, with partly cloudy skies.

The lowest temperature in Lincoln Friday night was 22 degrees above zero, and the low mark set for Saturday night was 30 above

Fair weather Monday and Tuesday has been forecast for the lower Missouri valley.

OMAHA, April 3.—(AP)—Galoshes and slickers probably will be necessary to hide Easter finery throughout Nebraska tomorrow. The federal weather bureau this morning forecast cloudy Easter weather with probably snow in the west portion and snow or rain in the east. It will be colder.

TO SPEND 110 DAYS IN JAIL

Orville Phipps Pleads Guilty to Driving While Intoxicated.

Motorists Declare His Car Figured In Two Collisions.

Orville Phipps, 1536 P street, will spend 110 days in the city jail as the result of two automobile collisions in which he figured Friday evening

Phipps pleaded guilty in municipal court Saturday to three charges, intoxication, driving a car while intoxicated, and driving with improper license. His fines and costs amounted to $164 70, which is equivalent to 110 days in jail on failure to pay. Phipps said he could not pay the fine and began his term at the city jail.

Three motorists appeared against Phipps in court. After hearing his plea of guilty, Judge Chapell asked if the motorists whose cars were damaged were in the court rooms.

L. E. Tait, 1645 Washington street, stood up. "He ran into my car at Tenth and O streets," Tait said. "Then his companion gave me the wrong address. They said they would pay for the damage."

L. I. Frisble, 3269 Starr, was the next to complain. "Phipps was driving the car which struck mine near Seventeenth and P street," he declared. "I was going east and Phipps was driving west."

"Anyone else?" Judge Chappell asked.

"Yes sir," replied R. A. Richardson, 2323 South Twentieth street. "Phipps was an occupant of the car which struck mine on P street between Sixteenth and Seventeenth street Friday evening. I'm not sure he was the driver, but he was in the car."

Police said Phipps' car turned out to pass Richardson's near Seventeenth and P streets. Both cars were traveling west. Phipps struck both Richardson's car and that of Frisble, which was traveling east, it was said.

Judge Chappell made the fines $100 for driving a car while intoxicated, $50 for drunkenness, and $10 for using an improper license. The defendant admitted he had borrowed a friend's license plate.

THINK POISON CAUSED DEATH

Five Year Old Nadyne Maseman Expires Suddenly Friday Evening Shortly After Eating a Hearty Dinner.

Poison is believed to have been the cause of the death of Nadyne Maseman, 5-year-old daughter of Mr. and Mrs. Henry F. Maseman, 627 South street, Dr. E. E. Elder, physician who was called Friday evening when the child became ill, said Saturday noon. The little girl became violently ill soon after eating a hearty dinner, seemed to lose the use of her limbs, and within an hour died before the physician could reach the home.

Prof. C. J. Frankforter, University of Nebraska chemist, was analand other organs Saturday to dislyzing the contents of the stomach cover the cause of death. The strangeness of the symptoms made it likely that it would be some time before a conclusion could be reached, he said.

Mr. Maseman, the child's father, was not in the city at the time of her death, having been called to Springfield, where his father is seriously ill. He was called immediately, and arrived in Lincoln shortly before noon Saturday. The Msemans have two other children, younger than Nadyne.

The body was taken to Henry Brown's where it will be held pending funeral arrangements.

GIRL ANNOUNCES ENGAGEMENT TO WED BROWNING

Frances Heenan, 15, Denies Is Marrying For Money Or a Career.

Date To Be After Birthday, June 23; "Cinderella Man" Buying a Home.

NEW YORK, April 3.—(By the Associated Press) — Frances ("Peaches") Heenan, 15-year-old school girl who has announced her engagement to Edward W. Browning, wealthy real estate operator, has her father's consent to the marriage. Various city agencies, however, are continuing to investigate several aspects of the romance

The mystery of acid burns which Frances suffered about the face and left hand a week ago is one thing under investigation. Mr. Browning yesterday spent two hours with police in an effort to determine how the girl received the injuries He was cold to suggestions that she may have burned herself and he expressed the opinion that an unidentified assailant poured acid on her while she slept.

Continues Silence.

He maintained shilence on reports that he will marry Frances some time after her sixteenth birthday, June 23, but Frances herself, swathed in bandages, made the announcement "to correct the false impression that I am an adventuress."

William Heenan, Frances' father, an automobile salesman, separated from his wife nine years will not stand in the way of his daughter's happiness, he says. His daughter doesn't like boys 'because they get

Easter Weather Is To Be Clear In The Middlewest

CHICAGO, April 3. — (AP) — Clear, cold weather over most of the great central west was the final Easter prophecy emanating today from the Chicago district weather bureau.

After the hours for the Easter parade, conditions will change and even some of the district will not have perfect weather for the annual display of new finery.

A new fall of snow in Chicago last night and today cost two more lives and added to the labor of making the streets passable.

Alfred H. Toale, signal inspector for the Illinois Central railroad, was killed when, with head bent against the driving snow, he did not see an engine backing toward him. Frank Girillo, a laborer, was killed when an engine hit him while he was cleaning an ice clogged switch.

Interurban trolley cars between Summit, Argo and Joliet, Ill., stopped yesterday, still were idle today. In Summit motorcars were sharing the walks with pedestrians, the roads being impassable.

WASHINGTON, April 3—(I. N. S.)—Easter Sunday will be fair and cold east of the Mississippi river, the weather bureau declared today. Snow flurries, however, are probable in the lower lake region and in extreme northern New York.

Hears Demurrer In $10,000 Damage Suit Against City

A hearing on the city of Lincoln's demurrer to the $10,000 damage suit brought against it by Clarence W. Porter was had before District Judge Shepherd Saturday morning. His decision has not yet been made known.

Mr. Porter brought his damage action following an accident May 2, 1921, while he was working in the city shops. He lost three fingers by the mishap and claimed he was permanently disabled. The city asserts that no proper notice of the accident was given. Attorneys for the plaintiff told Judge Shepherd that the city shops were a commercial enterprise, so that the notice rule would not appiy.

Annexation Will Be Discussed At University Place

A mass meeting called by the anti-annexationists of University Place will be held at the city hall at 8 p. m. Saturday.

Challenges for a debate on the subject have been issued by this group, but those working for annexation have declined to accept them so far. Speakers for the anti-annexationists have been named, nevertheless, and are W. F. Dale, W. W. Theobald and Prof. F. M. Gregg. Former Mayor E. M. Bair is to preside.

WETS FORCED CHANGE PLANS

Rearrange Scheme of Public Hearing Monday When Senate Committee Refuses Summon Other Than Government Officials.

ADMINISTRATION BILL AIDS CASE OF DRYS

Expected to Devote Their Six Days to Urging Of New Restriction In Place Of Attacking Liberalizing Measures.

WASHINGTON, April 3—(By theh Associated Press)—Wet leaders were busy today re-arranging their plans for the start of the senate prohibition hearings Monday in view of the judiciary subcommittee's refusal to summon other than government officials and the addition of a new administration bill for tightening Volstead act restrictions to the subject matter to be discussed

The modification forces have been allotted the first week of the hearings to present their case and had asked the committee to call a number of city and state officials and others to testify.

The drys will have the second week and are expected to urge a favorable report on the drastic prohibition law amendments recommended by Assistant Secretary Andrews of the treasury, instead of the liberalization measures on which the hearings were originally based.

Two Permits Issued.

Mr Andrews, meanwhile, has issued two permits for manufacture and sale of a medicinal wine which was in use for such purposes in pre-prohibition days.

The names of the recipients of the permits were not announced, but it was asserted that, like the malt tonic for which permits were recently granted, too much of the medicinal wine would probably result in illness for any persons ambitious to test its properties as a beverage.

WILL TRY CASE FOR THIRD TIME

Suit Over Condemnation of Stewart Land Again Re-opened.

Was Awarded $26,000 From City For Salt Creek Tract.

No rehearing will be granted the city of Lincoln by the state supreme court on Judge Willard E Stewart's claim for a greater amount of money than the $26,000 allowed by the verdict of the jury at the second trial of his suit over land in the Salt creek bottoms northwest of Lincoln, taken by the city under condemnation proceedings several years ago.

That judgment was recently set aside by the high bench, on Stewart's appeal, as being less than the actual value of the land Now the court overrules City Attorney Peterson's motion for rehearing, which means that the case will have to be tried a third time. In the first trial Stewart got a verdict for $28,000, which the supreme court reversed on his appeal.

Compensation Limited.

In overruling the Queen Incubator company's request for rehearing of the compensation case brought by its former employe, Fred E. Kork, the high tribunal modifies the judgment in one particular. The order requiring payment of $8 per week to Kork for the remainder of his life, as compensation for 20 per cent permanent loss of the use fo his left arm, is changed by restricting these payments to a period of 225 weeks.

No change is made in that part of the previous findings which allowed Korb $15 a week from August 10, 1922, to April 5, 1925, during temporary total disability. The revised judgment includes $200 for his attorney fee in both the district and the supreme court and $120 for doctor bills and costs of the suit.

Provisionally Allowed.

Oral arguments were ordered by the court on these motions for rehearing, during the week of May 2:

Butler vs. Blackstone Garage.

Gale vs. Krug Park Amusement Co.

Carl vs. Wentz.

The suit against the Krug Park Amusement Co., from Douglas county, is one where an employe of the defendant concern was killed in

ANGERED MOBS LOOT AND SET FIRE TO SHOPS

Clashes Between Hindus and Moslems Continue, Many Killed and Injured And Situation Serious---Troops Engage Combatants.

CALCUTTA, India. April 3. — (By the Associated Press.)—Rioting between the Hindus and Moslems broke out in Calcutta again this morning. The situation appears to be serious. More persons were killed or injured today than yesterday.

The rioting today started in College street, Colootolla street, and the Mechoga bazaar and spread to the important Howrah Mily district (The Calcutta university buildings front on College and Colootolla streets.)

Troops with machine guns were patrolling the streets this afternoon endeavoring to check the mobs which were looting and setting fire to shops.

Moslems destroyed a Hindu temple, desecrating the idol and the the Hindus set fire to a large mosque.

Although widespread disturbances continued all day, police and military finally obtained control of the situation and normal traffic conditions were restored.

Many shops were looted and several monsques and temples desecrated.

Calcutta advices yesterday said twenty persons were reported killed and 150 injured when Moslems barred the way to a procession of Hindus near a mosque in the northern part of the city

Jewels Worth $100,000 Stolen

NEW YORK, April 3.—(AP)—Herry Delerson, jewelry salesman, reported to police today that he had been robbed of $100,000 worth of diamonds after being lured to the upper east side by three men who drove him to the East river and Eightieth street and there held him up.

Say Reformatory Needs Half Section More Farm Land

Another half section of land is wanted by the board of control to add to the 161 acres now belonging to the men's reformatory, in order to extend farming and dairying operations and provide more outdoor employment for the inmates, as well as to feed them.

The board conferred with Supt Gus Miller on the subject Saturday forenoon. It will recommend to the next legislature that money be appropriated for buying adjacent acreage. Some of the land in that vicinity is not of the best, but could be made productive by suitable fertilizing, the superintendent thinks. Chairman Oberlies of the board believes $20,000 to $30,000 would be enough.

There are 248 inmates now. Only seven cows are owned as there is not sufficient pasturage for a greater number. A large part of the milk consumed has to be bought. Superintendent Miller looks forward to having a dairy herd of 40 or 50 animals.

Water is now being furnished through the new pipe line from the state insane hospital's pumping plant, which was started operating a month ago. The reformatory's own well went salty.

DAVIS JURY DEADLOCKED

Twelve Men Still Deliberating Fate Of Former Kansas Governor.

TOPEKA, Kas, April 3.—(By the Associated Pres.)—After deliberating eighteen hours the jury trying Jonathan M. Davis, former governor of Kansas, and his son, Russell, on bribery charges, still was deadlocked today.

Judge Otis E. Hungate, who is presiding, said he will keep the jurors locked up until a verdict is returned or the foreman reports there is no hope for agreement.

"But I doubt that the jury will agree if it has no verdict before 6 o'clock tonight," he added

The former governor and his son are charged with accepting and receiving a bribe of $1,250 for delivering a pardon to Fred W. Pollman, paroled forger.

No agreement was reached by noon, so Judge Hungate ordered the bailiff to lead the jury to a restaurant for the midday meal

Nemaha School Bonds Rejected

Because the special election held at Nemaha City on February 20 for voting on a $20,000 bond issue to erect a school building was not advertised for 20 days immediately prior thereto, Bond Examiner Lawrence of the state auditor's office holds that they cannot legally be registered. Another election will be necessary, he says.

An advertisement of the election was published four weeks in January and February, but the last publication was February 5, or 15 days before the voting took place. The proposition carried by 50 to 9; but about 150 qualified school voters did not participate.

MEXICAN CLAIMS MEETING CALLED

Judge E. B. Perry Goes To Washington To Confer With Department.

HAVANA, April 3.—(AP) — The mixed American-Mexican claims comission which adjourned its sittings in Mexico City early last month will reconvene in Tampico, Mexico, on April 15 or soon thereafter.

Dr. Roderigo Octavio, Brazilian neutral chairman of the commission, in making this announcement here today, said the exact date for conversation of the commission depended on the arrival in Tampico of Judge Ernest B. Perry of Lincoln, Neb., American member of the commission. Senor Gonzales Roa, Mexican member, has notified Dr. Octavio that he will be in Tampico on April 12. Dr. Octavio said that the commission would announce a decision in the claims growing out of the massacre of American mining engineers at Santa Ysabel, state of Chihuahua, in 1916, and he hoped that the commission would be able at the session to settle all pending claims.

Dr. Octavio will leave for Tampico today on the Spanish steamer Alfonso XIII. He probably will return to Mexico City in September or October to preside over the French mixed claims commission, and later, the German claims commission.

Judge Perry was to leave Lincoln on the 4:40 train this afternoon for Washington, where he will confer with state department authorities. He has received word from Dr. Octavio, he states, but believes that it will be a matter for decision by he government whether the meeting is legal.

Planes Versus Mosquitoes.
Cornuche Is Dead.
The Murders of 1925.
2,000,000 Always Sick.

By Arthur Brisbane.

The marines at Quantico, Va., will fight mosquitoes this summer with flying machines.

Commander McLean will scatter from planes sawdust soaked in water containing a little arsenic.

It isn't strong enough to hurt humans, birds, fishes—in fact, it's a good tonic for them.

But it will destroy mosquitoes in swamps, creeks or stagnant water instantly, just as a slap that does not hurt your cheek kills the mosquito.

The government ought to be doing that work everywhere.

To rid the entire country of mosquitoes would be worth fifty times the national debt.

It is said that the Rockefeller foundation, which seeks to prevent disease rather than to cure individuals, may try the flying machine mosquito attack. If successful, it would end yellow fever and malaria forever.

Greeks now, as in Roman days, are adaptable in anything, from teaching and painting to tight-rope dancing, as a Roman satirist remarked.

Eugene Cornuche, called "King of Deauville," who died yesterday at Paris, ruled in Trouville and Cannes as well as in Deauville, and in Paris he controlled many important establishments.

He died worth at least $10,000,000—much of it contributed by foolish Americans at the gambling tables.

Prudential Life company statistics shows 1925 the champion murder year in America.

There were 563 killings in Chicago, 374 in New York, although New York is bigger. Chicago probably shoots better.

More than 12,000 were murdered all together in 1925. In these pleasant days of prohibition, bootlegging and hijacking, with respectability making a joke of the law, your chances of being murdered are a little better than one in 10,000.

Now turn to news from Great Britain. There the prison population has fallen off in twelve years. Since the war twenty-five jails have been remodeled for other purposes. Here we haven't jails enough. How do you explain that?

Easily. Bootlegging, creating a new crop of millionaires, bringing in hundreds of millions every year, has created a new crop of murderers and other criminals.

Chinese doctors are paid when their patients are well. No pay when they are sick. If Uncle Sam could arrange that for his children he would save money. Every day there are 2,300,000 sick people in the United States. Allow $5 for each lost working day in these high wage times and the total would appreciably reduce the national debt.

Worse than the loss of wages is shortening the life. Colds, that people neglect or despite, weaken the system permanently, and cut so many months from your life at the far end.

Science proves that canned vegetables retain their full quota of vitamins. This has been known for a long time to doctors that gave canned tomatoes to infants in public institutions, unable to afford fresh orange juice. The juice of a tomato is rich in vitamins, which makes it important to include a well made tomato soup or canned tomatoes, stewed, in the regular family diet.

When President Coolidge and Secretary Mellon decided to cut income taxes, they were told they wouldn't raise enough money to pay government expenses. Now, with lower taxes, total payments for March were $54,000,000 greater than in March last year. The government will have a comfortable surplus. Excessive taxation is never profitable for taxed or taxer. The Turks learned that long ago.

Judge Slick of the United States district court decides that "klan" spelled with a capital "K" is the exclusive property of the Ku Klux. The "Independent Klan of America" is forbidden to use the sacred word. That will interest the Scotch.

Why couldn't the "independent order" call itself the "Independent Nalk," or "Klan," backward, and instead of having grand dragons have minute snails. That would attract attention.

An earnest Christian Scientist produces a letter alleged to have been written by the late Mary Baker Eddy, (ordering the dismissal from the churchof Mrs. Augusta E. Stetson, founder of the first "Science" church in New York City.

Mrs. Stetson says Mrs. Eddy never wrote the letter and Christian Scientists will hope that Mrs. Stetson is righ.

The letter is very weak in grammar. "If the mother church can be prosecuted for suspending a student, or even expelling them." The alleged letter also says to "drop Mrs. Stetson if it can be done safely" and "let no one know what I have written."

Those that knew Mrs. Eddy, a woman of strong character and fearless, cannot imagine her writing secret letters or giving an order to "if it can be done safely."

Osteopaths File Protest Against Physician's Bill

(Special to The Star.)

FREMONT, Neb., April 3.—Formal objections to paying the Dodge county Medical society's claim of $250 for the first quarter of services as county physician were filed by Dr. J. T. Young, head of Fremont osteopaths. Dr. Young says allowance of the claim to the medical society would be an illegal step.

Dr. Young caused a surprise a day or two ago by announcing that through medical society activities, osteopaths had been barred from two Fremont hospitals.

TAX COLLECTION SHOWS INCREASE

Receipts For March Quarter $60,000,000 Greater Than In 1925.

WASHINGTON, April 3.—(By the Associated Press.)—The increase of almost $60,000,000 in income tax collections for the March quarter over receipts ofa year ago when the rates were higher was looked upon Friday at the white house as the result of improved business conditions fostered by taxpayers' anticipation of the rate reductions.

At the same time another warning to congress to hold down on proposed increases in permanent expenses of the government was issued on behalf of President Coolidge, who believes a deficit in 1927 still is a dangerous probability.

Final statistics issued yesterday by the treasury showed collections for the quarter were slightly less than $500,000,000 or $100,000,000 more than it was estimated would be received, but no surprise over the heavy receipts was shown at the white house.

In fact, President Coolidge believes the large collections were quite natural. He holds the opinion, however, that the returns for the next three quarters of the year under the new tax law will materially decrease and that the full effect of the widespread tax reductions ordered by congress will not be felt until the end of the year.

The president has counted on the treasury surplus which appears inevitable at the end of this fiscal year for which congress is now appropriating that is causing him concern.

DAWES STANDING FIRM ON RULES

Insists Senators Cannot Reveal Executive Session Vote.

WASHINGTON, April 3.—(By Associated Press.)—Vice President Dawes' ruling that under the present senate rules a senator cannot tell his constituents how he voted in executive session drew fire Friday in the senate.

Senator Overman, democrat, North Carolina, one of the patriarchs of the senate, jumped to his feet and challenged the ruling declaring it had always been a custom of the senate to permit a senator to tell how he had voted in an executive session.

He was supported by Senator Glass, democrat, Virginia, who thought the ruling could be nullified by a senator saying in advance how he would vote. He explained that he had done so in the Woodlock incident.

The vice president refused to change his decision however, and Senator Pittman, democrat, who had started the controversy by offering a resolution to amend the rules to permit the publication of a vote in executive session, declared the vice president's ruling was correct and served to show the "errors" of the present rules.

Rodgers Made His First Aerial Trip Hanging From Kite

BOSTON, April 3.—(AP)—Com- John Rodgers, who was lost and found in the Pacific on his flight to Hawaii, made his first trip in the air on a kite. Swinging on a board that hardly could be called a seat he drifted over the waters of that same Pacific in February, 1911, while sailors on the deck of a battleship held fast to the lines that kept him from floating away in the air.

This became known yesterday when it was learned from Samuel F. Perkins of Dorchester, that Lieut. Com. Richard E. Byrd would carry kites on his expedition to the Arctic. He will use them as distress signals and also as a means of hoisting the aerial of his wireless apparatus, should he be forced to land in the barren wastes of the Northland.

Perkins was responsible for Commander Rodgers first air trip. He had been demonstrating his man-carrying kites on the Pacific coast and was invited by the navy department to demonstrate their practicability for naval use. They were taken on a naval cruise and on the ship was Commander Rodgers, then a junior officer. Several officers wanted to take a trip in the air and after questioning several, Perkins chose young Rodgers.

Alleged Burglars Get Second Trial In Dawes County

ALLIANCE, Neb., April 3.—(AP)—New trials for Urban Zediker, Marvin Gebhardt and Joseph Winslow, charged with robbing a local store of furs valued at $10,000 in January, 1925, will be held at Chadron in May, County Attorney Berry announced today. They were convicted here and the case was remanded by Supreme court for retrial in another county.

SOLOMON GUILTY OF SLAYING WIFE

Aged Sioux City Man Convicted of Second Degree Killing Of Mate.

SIOUX CITY, Ia.—April 3.—(By the Associated Press.)—The jury in the case of George Solomon, charged with murder in connection with the death of his wife, whose charred body was found near the family furnace last February 2, last night found the aged laborer guilty of second degree murder. The case went to the jury shortly after 10 o'clock in the morning.

The verdict carries a penalty of from eight years to life in prison. Solomon received the verdict with the same stoical manner assumed since his arrest. He was arrested February 3 at his home after he had led his nine weeping children to the body of their mother, which lay, partly burned, under rags and old clothing in the basement. He claimed that his wife had been burned accidentally while tending to the furnace.

Mrs. Solomon met her death some time during the day. The state contended it was in the morning; the defense claimed it was some time during the afternoon. It at least happened several hours before Solomon notified his children that their mother was dead.

Solomon has stuck to his story of accidental burning throughout the grilling of the officers and the short but bitterly fought court action leading to his conviction.

Bihler New Head Kodak Finishers

Alfred Bihler, of Omaha, was elected president of the Nebraska Division of Past Kodak Finishers at the second annual convention held here Friday. He succeeds W. B. Graves, of O'Neill, Miss Esther Tharpe, of Nelson's studio, Omaha, was re-elected secretary-treasurer.

Forty-three attended the banquet at the University club in the evening. It was purely informal, no program being arranged.

D. G. Merriam, national vice-president, and Mr. Zerchin, national representative, spoke at the afternoon session.

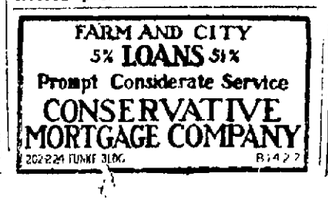

Radio Overhauls Army Deserters On Distant Farm

ALLIANCE, Neb., April 3.—(AP)—When two young men stopped at the farm of Mrs. Jay Boyer, near here yesterday, she recognized them as two army deserters described over a radiocasting station in Des Moines the night before. She notified Sheriff George Jones and the men who are Harold Elliott, nineteen, and Harry Fenzell, twenty-five, were arrested. The men have been turned over to Fort Robinson officers.

DURKIN TEARFUL.

CHICAGO, April 3.—(AP)—Martin Durkin, sheik killer who is awaiting trial on two charges of murder, broke into angry tears Friday as he clutched the bars of his jail cell. He was discomposed because letters which he had exchanged with his wife, Irma Sullivan Durkin, and his former sweetheart, Betty Werner, both of whom have spurned him, had become public. "I guess I'm fair game now for everyone who cares to take a poke at me," he philosophized.

ATTEMPT TO END LIFE IS FUTILE

Man Shoots Self Over Love Affair But Bullet Is Deflected.

(Special to The Star.)

NELIGH, Neb., April 3.—Lloyd Pick, who is employed in a garage at Royal, tried to end his life Wednesday evening by shooting himself with a 22 caliber revolver.

The affair occurred at the home of Carl Haske, northeast of Clearwater. Pick drove down from Royal to see a young lady who boarded at the Haake home, but she refused to accompany him. He then went out to the automobile parked in the road and shot himself.

Two shots were fired, only one of which took effect. The bullet entered the left breast above and to the left of the heart, struck a rib and was deflected, passed out of the body and imbedded itself in the flesh of the arm, whom where it was extracted by Dr. E. E. Curtis of this city. No serious results are expected to follow.

Thirteen Horses And Mules Burn In a Farm Blaze

RED WILLOW, April 3.—(AP)—Thirteen horses and mules were burned to death, a large quantity of grain, hay and feed and a large line of farm machinery destroyed when fire of unknown origin destroyed the brn and sheds on the farm of Mrs. Joe Kircher, five miles north of here Friday morning. The loss is estimated at several thousand dollars.

Funeral Services Held For Veteran

(Special to The Star.)

HARDY, Neb., April 3.—Funeral services were held here Wednesday for John Hummell, 84 years of age, who passed away at his home in Franklin Sunday morning after a week's illness. He was a veteran of the Civil war, serving for three years as a corporal of Company H, 25th Iowa infantry. He participated in twenty-eight major engagements and was with Sherman on his march to the sea. In 1878 he moved with his family from Mount Pleasant, Iowa, to Republic county, Kas., where he lived until 1907 when he moved, to Franklin. Beside his wife he leaves six sons and three daughters: Johnathan of Guide Rock, Albert of Red Cloud, Dennis of Nelson, Will of Concordia, Kas., Carl of Franklin, Edward of Kirwin, Kas., Anna of Franklin, Mrs. Morehead of Republic, Kas., and Mrs. A. L. Cappers of Lincoln.

Woman Candidate Forced To Retire

(Special to The Star.)

FREMONT, Neb., April 3.—Miss Elizabeth Forster, one of the two republican candidates for the school board, has been forced to withdraw, by a ruling of the department at Washington, D. C., that she cannot contest for political office while she is in the civil service. Miss Forster has been on the school board for six years. When she was nominated for the first time six years ago, Director Shoemaker of the Eighth United States civil service district held that candidacy for the school board would not interfere with civil service rules.

(Special to The Star.)

NELSON, Neb., April 3.—(AP)—An Easter cantata, "Victory," will be put on the air on Sunday afternoon at two-thirty o'clock, by the Nelson community chorus, through radio station KMMJ at Clay Center. The program is under the direction of F. A. Scherzinger chairman of the Community club. It will also be given in the evening at the Christian church in Nelson.

STERLING NOTES

(Special to The Star)

STERLING, Neb., April 3.—Rev. E. S. Pangburn left for Indianapolis where he will take up work with the educational board of the Methodist church.

Mr. and Mrs. Walter Beisemeier and family moved here from Paoli, Colo. They were obliged to leave Colorado on account of the health of Mr. Beisemeier. They have moved to the Hopewell section.

Mrs. Mary Foster, who has been spending the winter in California, returned Tuesday

While here last week Albert Kolk of College View disposed of his residence in this city to Mrs. Oscar Cox, who purchased the same for investment purposes.

W. E. Miller left Thursday for Crawford, Ind., in interest of a trap roost invention.

The members of the sophomore class of the local high school sponsored a party last Friday evening at which the faculty and sponsor were guests.

Fred Stinson was recently awarded the contract for the carpenter work of the parsonage to the St. John's Evangelical Lutheran church in Sterling. The foundation has been completed and work will begin immediately on the structure.

Sterling high school boasts a record in normal training students. In 1909 the normal training department was established in Sterling and since that time 163 have graduated. Of this number it is estimated that forty are still teaching, of the total 103 that have taught.

Sterling girls have decided to get back to nature. Freshman and sophomore girls of the local high school recently organized a hikers club, vowing to take a hike once a week, the weather permitting.

Plan to Beautify New Grand Island Park As Memorial

(Special to The Star.)

GRAND ISLAND, Neb., April 3.—The effort of President O. A. Abbott, of the City Improvement association, Chairman Falldorf, of the city's park association, and members of the American Legion to get some initial work done on Memorial park along permanent lines made further progress Thursday evening. The contingent present representing the legion approved the plan submitted by Mr. Holmes, landscape architect, for the beatification of the tract and it was agreed between the City Improvement representatives and the Legion that they would go fifty-fifty on a $500 contribution to the plan of work for this year, provided the city would appropriate $1,000. The legion's approval of the plan was desired for the reason that some time after the City Improvement association had acquired the tract, and had turned it over to the city, the legion by formal action accepted it as a "memorial" park, since which time it has been officially so designated.

The Clearwater lodge was victorious in winning the beautiful banner presented by the district, by work, which was almost perfect. Neligh, Clearwater, Elgin and Oakdale comprise this district and a good delegation came from other surrounding towns.

Mother Of Judge Dame Passes On

(Special to Th eStar.)

FREMONT, Neb., April 3.—Mrs. Harriett Dame, 88, the mother of Judge A. K. Dame of Fremont and Will Dame of Lincoln, died late yesterday afternoon. Mrs. Dame had been a leader in Christian Science circles. She was a native of Lyman, N. H.

Ernest Rokahr's Hip Is Fractured

(Special to The Star.)

GRAND ISLAND, Neb., April 3.—Ernest Rokahr, senior member of the firm of Rokahr & Son, contractors, of Lincoln, who was injured here Wednesday when he was struck by a ladder while unloading steel at the city's new water reservoir, suffered a fracture of his left hip, an X-Ray examination taken at the General hospital revealed. He will be placed in a cast and will leave for his home in Lincoln next week.

Fall Is Fatal To Former Resident

(Special to The Star.)

BEATRICE, Neb., April 3.—John McNulty, one-time resident of Marysville, Kas., was killed in Chicago this week when he fell from the top of a steel tank which he was inspecting, according to word received here. He was twenty-six years of age and was born on a farm near Marietta, Kans. He is survived by his parents and a number of sisters and brothers. The body was taken to Marysville, for burial.

CANTATA GIVEN BY GLEE CLUBS

Large Audience Attends Good Friday Program at St. Paul Church.

One of the largest Lincoln audiences, more than three thousand in number, ever attending a program given entirely by local persons, heard Maunder's "Olivet to Calvary," which was presented at St. Paul church by the Lincoln Chamber of Commerce Glee clubs, Friday evening, under the direction of H. O. Ferguson.

The cantata was given in two parts, depicting the life of the Christ in the first part, his betrayal and crucifixion in the second part. The music throughout the entire cantata was beautiful, and the solo parts which were carried by Walter Wheatley, tenor, H. O. Ferguson, baritone, and E. C. Boehmer, bass, were exceptionally so.

The affair was a community good Friday event, and was nonsectarian. It began at 8:45 o'clock, allowing time for atttendance at Good Friday services in other churches throughout the city, and was finished shortly before ten.

The two glee clubs were combined into a chorus of thirty-two voices, eighteen men and fourteen women, all of them experienced musicians with splendid voices. An exceptional feature of the musical was that every word in the chorus numbers and in the solos could be heard, making it easy for the audience to follow from one number to the other without a single break.

Part I.

No. 1—ON THE WAY TO JERUSALEM.
Chorus—When o'er the steeps of Olivet.
No. 2—BEFORE JERUSALEM.
Recit. (tenor)—Like a fair vision.
Recit. and Air (bass)—O Jerusalem.
No. 3—IN THE TEMPLE.
Recit. (tenor and bass)—And Jesus entered into the Temple of God.
Chorus—Another temple waits, Thee, Lord divine.
No. 4—THE MOUNT OF OLIVES.
Air (tenor)—Not of this world the Kingdom of our Lord.
Chorus—'Twas night o'er lonely Olivet.
Solo (tenor)—He was despised.
Solo (baritone and chorus)—"Come unto Him."
Hymn—"Just as I Am."

Part II.

No. 5—A NEW COMMANDMENT.
Recit. and Air (baritone)—A new commandment.
Chorus—O Thou Whose sweet compassion.
No. 6—GETHSEMANE.
Recit. (baritone)—And when they had sung a hymn.
No. 7—BETRAYED AND FORSAKEN.
Chorus—And while He yet spake.
Recit. and Air (tenor)—Ye who sin, and ye who sorrow.
No. 8—BEFORE PILATE.
Chorus with Solo (Pilate)—Crucify Him!
No. 9—THE MARCH TO CALVARY.
Choral March—The Saviour King goes forth to die.
No. 10—CALVARY.
Recit. (bass)—And when they came to the place.
Chorus—Droop, sacred head.

CLATONIA DEATH.

BEATRICE, Neb., April 3.—Mrs. Marie Thumann, old resident of Clatonia, died Friday after a long illness, aged eighty years. She was the wife of George Thumann, and is survived by her husband and a number of children.

NINE TO MANAGE TRIAL OF ENGLISH

House Agrees On Increased Number of Prosecutors At Impeachment.

WASHINGTON, April 3.—(By the Associated Press.)—Nine managers may be named by the house to prosecute before the senate the impeachment case against Federal Judge George W. English of Illinois.

This number, two more than originally contemplated, was tentatively agreed upon Friday to satisfy democratic leaders, who after the impeachment of the judge Thursday, objected to a ratio of five republicans to two democrats on the house representation.

Chairman Graham of the judiciary committee, which recommended impeachment, suggested the 5-2 ratio, although he said there was a precedent for selecting all of the prosecutors from the party in power, but Representative Garrett of Tennesse, democratic floor leader, objected, contending that if seven were named, three should be democrats.

The house was in adjournment Friday, but negotiations for a compromise, went forward, with the suggestion for nine managers, finding favor.

If nine are selected, the house prosecutors are expected to be Representatives Hersey, Maine; Stobbs, Massachusetts; Michener, Michigan; Moore, Ohio, and Boies, Iowa, republicans, and Summers, Texas; Montague, Virginia; Tillman, Arkansas, and Dominick, South Carolina, democrats, the last two to serve if the number is increased to nine.

Selection of the managers is scheduled for Tuesday.

Briefly Told News From The Wires

SVERDLOVSK, Ekaterinburg. —(AP)—Catherine Planovsky, Russia's only woman bandit who has a record of having murdered and robbed dozens of victims, again is in the tolls of the law. The public prosecutor alleges that her exploits have covered a period of years. In 1921 "Catherine the Terrible," as she is known, was sentenced to death at Chita for murder and was taken from prison to be shot. When the firing squad discharged their rifles the woman fell to the ground and feigned death. Not a bullet had struck her. The soldiers believing her dead returned to the prison barracks while Planovsky made a quick escape.

CHICAGO—(AP)—Vivian Duncan of the team of "Duncan Sisters," singing comediennes, came to Chicago from New York Friday with the announcement that she was formerly engaged to a "future Chicago bank president, the son of a prominent Chicago family." She would add nothing to the two bits of description. Her sister, Rosetta, arrived Thursday with a denial that Vivian had been in love with Thomas Spencer, former singer with the company, who was killed Wednesday night in an automobile accident near Syracuse, N. Y., and who had filed a suit for $50,000 charging the Duncan sisters with a breach of contract.

CHICAGO—(AP)—Four months' incarceration in the Cook county jail because of mistaken identity is the experience Alpert Dion is recovering from today. He was first arrested when a taxicab driver said he with an accomplice robbed him. Then witnesses of the $80,000 International Harvester Co.'s robbery, said Dion participated in it. At the time Dion was in jail. The police have captured the bandit who robbed the cab driver and charges against Dion were nolle prossed.

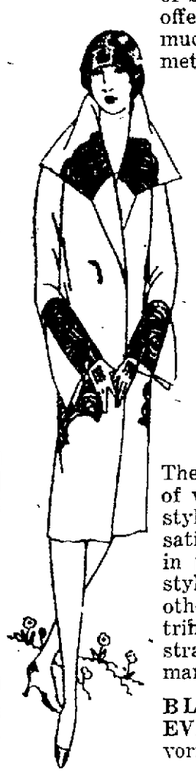

SCARBORO, Me. — (AP) — Mrs. Mary A. Burnham has proven her sprightliness at 99. Thursday was her birthday and she celebrated by driving four miles in a sleigh to lead the grand march at a dance in her honor at the community hall. She was escorted by her 76-year-old nephew, Frank Burnham.

CHICAGO.—(AP)—Chief Two Guns-White-Calf, the Indian whose profile is on the Buffalo nickel, will celebrate the first anniversary of his conversion to Christianity and his membership in the Methodist Episcopal church Easter. The chief is an ardent Methodist and gives liberally to the church, tithing his income. The story of his conversion was used recently in a missionary program in Zionist Methodist Episcopal church, Cleveland and after the tale was told an offering in Buffalo nickels was taken up, amounting to $8.35.

NEW YORK—(AP)—Jacob P. Alder 71, noted Yiddish actor, was carried to his grave Friday amid circumstances in keeping with the tragic roles which he often played on the stage of east side theaters. Among the mourners at his funeral was his son, Irving, convicted counterfeiter, for whom the gates of Sing Sing swung open that he might attend the last rites for his father.

Coats

BEAUTIFUL dress coats, suitable for general spring and summer wear. These garments are exceptional values at the prices we are asking for them. They were bought by us in a great group purchase made by a number of stores throughout the country. This method of buying results in our being able to offer the garments purchased at much lower prices than ordinary methods would allow.

THE PROBLEM OF THE CITIES.

City government in America is becoming no less expensive than in some of the other political subdivisions.

In the period between 1905 and 1925, net revenue receipts of 146 American cities increased from $498,837,000 to $2,038,512,000. The per capita increase in tax contributions for the same municipalities was more than 200 per cent. In 1905 it was $22.79; in 1925 it had jumped to $58.41.

The 248 American cities with a population in excess of 30,000 people spent $2,641,797,778 in 1924 as contrasted with $3,706,779,083 by the federal government for all the agencies and activities under its direction. At the same time many of these cities added tremendously to their expenditure by huge bond issues. This, coupled with the monies necessary for the maintenance of the smaller cities of the United States, would indicate municipal government cost more than the national government.

On the score of indebtedness, the picture is far from inviting. The gross debt of 146 cities at the close of 1924 was $6,096,071,520, or a per capita of $152.47. That is a fourth of the huge sum expended by the United States in the world war, including the loans made to all allied countries. The interest charges on this debt would have been more than sufficient to meet all of the charges of city government less than 40 years before.

The explanation of this astonishing increase in municipal expenditures is found partially in the amazing growth of American cities. Since 1900 the drift has been steadily towards the city and away from the farm. Great centers of population like New York City, Chicago, St. Louis, Philadelphia, Detroit, and Los Angeles have achieved remarkable gains in population in the last two decades but practically all of the towns and cities in the United States are larger now than they were two decades ago. They have gained very largely at the expense of the rural community. But even at that the growth in population has hardly kept pace with the increase in the cost of city government. The per capita tax burden today is much larger than it was in 1900 and there is nothing at present to indicate any material reduction in it.

* * *

The American city of today is a frightfully expensive institution.

This is especially true of those larger cities where hundreds of thousands and millions of people live and work.

Their size calls for governmental activities upon a huge scale. Police and fire protection, health, sanitation and hygiene—each of them involves work and responsibility which takes the breath away. The responsibility of preserving law and order in New York City, with its congestion, its varied groups, its constant temptations in riches and wealth, is a task which has few parallels elsewhere in the world. At the same time the problem of safeguarding the health of that community—of wiping out epidemics, of seeing that sanitary conditions prevail, of maintaining a pure supply of water, of standing guard over the supply of food to prevent the sale of contaminated and impure articles—is a job which calls for an army of employes and a fat purse. Add to these the matter of protecting property from fire, the hazards of which are infinitely increased in congested areas notwithstanding every preventative measure.

In even a larger measure the social uplift wave which has swept America has increased the tax burden of the cities. Their immensity has made parks and public playgrounds necessary. They afford thousands and thousands the only opportunity which they have for outdoor air and recreation. Municipal swimming pools, municipal golf links and tennis courts and a dozen other similar activities are the necessary developments of every modern city. So many times we deceive ourselves that these are self-supporting. In many instances it may be unnecessary to make a direct tax levy to maintain them. But the fees and the charges made upon those who use them represent a burden, which, in fairness, it should be said, is one of the wisest expenditures made. The effort to improve social conditions in the great cities has taken a hundred different forms, all of which cost money and all of which have contributed to the rising tide of municipal expenditures.

The time is approaching when it will become no less important to carefully scrutinize every municipal undertaking than it is in the federal government.

MORE COLOR FOR THE COUNTRYSIDE.

There is more enjoyment in store for the people of Nebraska to be realized from the recent widespread distribution of pheasants than merely the sport it will afford hunters when the birds multiply sufficiently to declare an open season on them for a brief period each year. Where one person may see in them nothing more than an opportunity to exercise his marksmanship, a hundred others will take delight in their beautiful plumage and stately appearance as they show themselves in the fields, pastures and woods.

This state has always had prairie chicken, quail, wild ducks, geese, and other feathered game in greater or lesser numbers, but none of its native fowls compare in brilliancy of coloring with the gorgeous raiment of the pheasant. As a glorified specimen of birdkind, he has few rivals. The peacock, the parrot, and the bird of paradise may present an equally striking array of colors, but in addition to his bright hues the pheasant possesses grace of form and movement, whether seen on the ground or in flight, which none of them can match.

In many portions of Nebraska pheasants are already so plentiful that groups of them may be seen from the highways or from car windows of the railroad trains, feeding in plain view with no apparent fear of man. They give the country an aspect which it never had before, suggesting the natural suitability of the region for such forms of wild life. No imported creature could have fitted into his new surroundings any better than this handsome fellow does.

In rural England the pheasant has been a favorite from time immemorial and much of the country's charm centers about him. Every estate there has its game preserve with keepers in charge whose business it is to keep outsiders from "poaching." The owners and their guests are accustomed at times to go out into these wooded tracts shooting pheasants, partridges and woodcock, and of all of these fowls the pheasant is most highly esteemed for both sport and for the table. Of course, there are many land owners who foster bird life on their domains for its own sake, and not just to provide targets for guns.

Here in Nebraska, the pheasant has proven his worth in a practical way by making war upon insect pests which harass the farmer. His size and the amount of territory he covers make him more valuable for this purpose than the smaller feathered folk. He is more hardy than our own "Bob White," who often succumbs during severe winter weather, either from the cold itself or by inability to find food when the ground is covered with snow. The pheasant asks no favors of anyone. Turn him out where you will, and if their is provender anywhere about he will discover it and help himself. It is true that in two or three counties he has become so numerous that some depredations to growing corn and other crops have been laid at his door. There is no question, however, that the good he does outweighs the bad ten times over.

It is because of his comeliness, however, that the pheasant will be welcomed by people who love nature and her creatures. His coming to Nebraska will supply a new and colorful feature to its landscapes.

WORK AND A GOOD TIME.

"You can't have a good time and work, too."

That is the answer made by a young man to Captain of Detectives Anderson recently when asked "if you had a good job why did you take to— —."

It is also the answer to many of the petty crimes which have been taxing the ingenuity of the police department all winter and will continue to tax it so long as men who never work are permitted to linger here and live without toil.

Every day and every night they may be found, habitues of this place or that. They toil not, neither do they spin, but they always have money, wear good clothes and enjoy life to the fullest.

The young man or woman whose only objective is to "have a good time," certainly is headed for the rocks, and, persisting, will sooner or later crash on them. They are of no use to themselves nor to society. Rather are they a detriment to the community which harbors them. Far better that they be at work laying up a competence for the future, the while keeping their hands and minds occupied with more important things. Busy hands and busy minds have no time to devise ways and means of getting "easy money."

Diet and Health

COLUMN RULES.

My dear followers:

Please do not depend upon personal answers from me for conditions that have to have the immediate attention of a physician. And do not depend on the column for such advice, for even though your questions can be answered in the column and answered immediately, it would be at least four weeks before the answer can appear.

My Diet and Health column is a syndicate feature, appearing all over the United States and Canada. It is written and sent out from New York. This means that it has to be prepared three or four weeks in advance. The column creates great interest wherever it appears, and the combined mail from the different places is enormous. In order to be able to handle this and to be helpful to you, there are certain rules which we have formulated which you must follow. Unless these rules are complied with, your letters cannot receive any attention.

First: Address your letters to me in care of this paper. They will be forwarded to my New York office. Sign your name as evidence of good faith. It will not be used in any way. (When I answer you in the column, I use one initial.)

Second: Write legibly and with a pen—if your handwriting is not clear, get somebody to write for you; or use a typewriter. Do not write more than 200 words. Remember the number of letters I get!

Third: When you ask for material which we have offered, you must enclose a large sized, self-addressed, stamped envelope (s. a. s. e.). The address must include your full name, street and number, city or town, and state. The booklet on reducing and gaining is the only one for which you must include ten cents in loose stamps. Do not send money—it is too easily lost in the mails. (Only one booklet can be sent with each request.)

Fourth: Do not ask for diagnoses or for individual treatment. Do not ask questions that are not of general interest and answereable in the column. You must see your physician for such information. Watch my daily articles for something similar to the questions you want discussed, and consider yourself answered when you see them, whether your initials are appended or not. I must answer questions collectively in order to save time and space.

Fifth: Allow at least three weeks to elapse before thinking your request for material has gone astray or is not answered because you have not followed these rules. Allow a much longer period of time for an answer to appear in the column, if it can appear.

Don't forget to enclose a fully self-addressed and stamped envelope with your request for any material which we have offered (and the ten cents in stamps if you ask for the booklet on reducing and gaining.)

Unless these rules are obeyed, your letters cannot receive any attention.

I feel like adding a last rule. It is this: Save some of your 200 words to continue telling me how much you enjoy the column and how much benefit you are deriving from it. Such a message is an inspiration to me and to the followers and makes our work happier and therefor more helpful.

My dear Followers:

When sending for material which we offer you, please remember to enclose a STAMPED, SELF-ADDRESSED envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose TEN cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible NOT OVER 200 WORDS, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the STAMPED, SELF-ADDRESSED ENVELOPE if you expect me to send you the information I have offered.

PEACHES AND PERSIMMONS

Patriotism usually means loyalty to a boss.

Hardened arteries are the bitter enemies of jazz.

At any rate Mussolini's gall is magnificent.

The muzzle is the dog's reputation. His character may be above reproach.

It works better to be kind to the wicked, but it's so much more fun to denounce them.

A hick town is one where everybody feels a personal pride in the first revolving door on Main street.

Well, perhaps men would find it difficult to select shoes if they had 768 models to pick from.

Usually an "understanding" is an agreement between people who don't at all understand one another.

Rough translation, greatly condensed, of an ordinary before breakfast conversation: "Gr-r-r!"

Doubtless the old time doctor's "bedside manner" was just pity for a patient full of blue mass pills.

Be fair. It takes a lot of good sense to drive all of America's cars with so few wrecks.

Those going to jail now aren't really nicer people; they've just discovered nicer names for crime.

Every community has at least one no-account man who can always get somebody to sign his note.

Science can explain everything except just why a butter knife is so darned dull.

Goodness isn't always admirable. Some men are good for the same reason that a snail never runs amuck.

Things aren't arranged perfectly. There are few drunk drivers out in the sticks where telephone poles are fragile.

It is easy to believe in a beneficent evolution when you compare a modern house dress with the old fashioned Mother Hubbard.

Among the words that indicate the approach of warfare are these: They will make their home with the bride's parents.

Note to parents: The way to handle a game fish is to give line quickly and reel in slowly.

O'CONNOR ESTATE CASE IS FINISHED

Way Now Clear For State To Claim $125,000 Property.

By overruling the motion of John F. Kirkman for a rehearing of his own suit to win recognition as the natural heir to the $125,000 John O'Connor estate at Hastings, the Nebraska supreme court Saturday gave final and complete effect to its decision of several months ago rejecting Kirkman's claim of heirship along with those of all others who had tried to prove relationship entitling them to share in the property.

This clears the way for proceedings by the state of Nebraska, in the district court of Adams county, to have itself adjudged the owner of all lands, goods and moneys left by O'Connor at his death in 1913, under the law of escheat. Application to that effect will be made by the attorney general's office in the near future.

There may be some late claimants to the estate, who have never been heard in the litigation now closed by the supreme court's findings; but little difficulty is anticipated in meeting any new contentions of heirship which may be presented now.

The district court in Adams county, at the windup of the Kirkman suit, entered judgment against all persons whose claims had theretofore come before it. This judgment has been upheld in all respects by the superior tribunal.

Object to Paying For Dance Lessons For Keiser's Wife

ASHLAND, Neb., April 3.—(AP)—Guardians of the estate of Levi Keiser, 80 year old Ashland resident who was declared incompetent to handle his financial affairs a year ago, have protested payment of $573 in dancing bills incurred by Mrs Irene C. Keiser, 50, whom he married two years ago.

At District court in Wahoo this week, B. E. Hendricks, representing the guardians, asked Judge Landis to refuse permission to Keiser to build a $4,500 home. His estate, valued at $48,000, was not collectable at face value, it was stated, and that only $4,700 cash was on hand. Judge Landis, however, ruled Keiser had a right to build the house.

The talk drifted informally to dancing and it was revealed that Mrs. Keiser had been taking dancing lessons in Lincoln at $1 each, ostensibly on advice of her physician. Attorney Hendricks objected to this expenditure and it will be argued probably in county court soon.

GAS RATE SAME

The price to be charged by the Lincoln Gas company for fuel gas during April will be $1.12 per 1,000 cubic feet, according to the report filed with the city clerk. This price is the same as that paid in March.

MINISTERS TO MEET

The Lincoln Ministerial Association will meet Monday, April 5, at 10 o'clock at the city library. The Rev. Mr. Griffiths will read a paper. The subject matter of W. A. Luke's paper, presented at the last meeting, will be more fully discussed.

The Worst Story I Have Heard Today

By Will Rogers

The worst story I heard today was told to me by "Dooley" Barksdale of Greenville, S. C. You want to stop and look this Greenville over if you are ever down that way. There is a miniature Newark. Factories? You never saw as many in your life. And a beautiful country. Dooley himself is worth looking over. He has a lot of fine saddle horses out to his stock farm, and a pack of flea hounds that Dooley maintains can pick up a fox

quicker than a senator can pick up a scent of a free drink. Dooley takes this aggregation of malamutes out, lets 'em jump a fox, and he just sits on top of his stables where he has a lookout with glasses (two kinds) and just watches and listens. He has all the foxes in that country to circle around his barn before they get caught. When Dooley gets a drink you can't hardly understand what he is saying. He talks tongue-tied. So he got tired of having his wife and everybody know all the time just what he had been doing, so he went and had a lot of teeth pulled out. That, as you know, gives one the same kind of speech, sorter tongue-tied or lisping, and now Dooley lays it onto the teeth, and the funny part about it is he gets away with it. So I class Dooley as just about the mechanical genius of this country, when you can figure out a trick like that. So that is a tip for any other of you boys that get caught on account of your thick speech. Get the teeth pulled out, because a fellow like that don't need teeth to drink with. But I enjoyed Dooley and his pack of pot hounds. Even if they never caught a fox, they give Dooley something to rave about.

Here is one on dogs that Dooley turned out of the kennel before I could duck

"Come right on in Sambo," the old planter called out. "He won't hurt you. Don't you know a barking dog never bites"

"Sho boss, I know that," replied the cautious colored man. "But what I don't know is jes how soon he is goin' to stop barkin'."

Omaha Man Ends His Own Life By Shooting Himself

OMAHA, April 3.—(AP)—Relatives were unable to give a probable cause for the death of Fred Volz, 30, whose body with a revolver beside it and with a bullet wound in the temple, was found in a rooming house Friday.

Volz, who was a cleaner and dyer, told the proprietor of the rooming house that he had just recovered from influenza, paid two days rent in advance and registered as "John Hancock," Crete, Neb., police said.

Papers in his pockets revealed that he had been released from St. Joseph's hospital several days ago and that he had been discharged from the United States marine corps in February, 1918. His letter also indicated that he had planned to go south for his health and that he had worries over financial difficulties.

Packing Plant At Nebraska City Is Legally Acquired

WASHINGTON, April 3.—(AP)—Complaint against Wilson & Co., Inc., of Chicago of having acquired the assets and business of the Morton-Gregson company of Nebraska City, Neb., in such a way as to eliminate competition in the slaughtering industry was ordered dismissed today by the federal trade commission.

The commission's announcement said this action was taken in view of the fact that the property so acquired has been sold at public auction by receivers of respondent company by order of the court.

Sister Is Located After Many Years

ALLIANCE, Neb., April 3.—(AP)—Stella Metcalf, 15, who has roamed through the country in a covered wagon with the woman who was keeping house for her father when he was killed in Lewiston, Mont., in 1916, now is at home with her sister, Irene, and brother John in Minneapolis. Their father took the baby with him when he went to Montana to start life anew, but left the two older children in Minneapolis. Local juvenile officers found Stella in a covered wagon camp here.

AN INCREASE SEEN.

CHICAGO, April 3.—(AP)—On the assumption that ten bushels of corn make 100 pounds of pork, the pork value of corn since the first week in March has been consistently above the cash value, according to figures compiled Friday by Armour & Co. During the past week, with cash corn at 73 cents, its market value through hogs has been $1.18. Storm conditions considerably helped the tone of the fresh pork market, the report said

CHAPTER 102.

James Hay had been working in his office for over an hour.

He had not been, wrong in anticipating a pile of mail upon his desk. He was glad he had come down this evening to begin on it. He would have been uncomfortable in the morning if others beside himself had been present to see the work that had accumulated during his absence.

Alice had been so tired and listless this evening that he had not regretted leaving her. She needed rest, and, he hoped, would be more normal tomorrow evening. Moreover, Richard Fitzgerald had just returned from his Adirondack club and had talked of little but the fish he had caught and the pleasant time he had had. Altogether James had not been particularly well entertained at his future wife's home.

He had also been somewhat embarrassed by his host's ill-disguised surprise on learning that the young man had left business for four days to have a good time in New York. Fitzgerald had expressed approval of James's intention to work late tonight to make up for lost time.

Well, he had worked hard, he mused as he glanced at his watch. It was a beastly night, anyway. He longed to get home and into bed. The wind howled about the corners of the high office building. It sounded more like March than July. He shivered. He hoped he had not caught cold. His office was positively chilly. He hated Summer storms.

A sudden thought occurred to him. Unlocking his desk, he drew out a flask of whiskey and took a long draught from it.

"I have cut out the stuff lately," he muttered. "But if a man is ever justified in taking a bracer it is when he has to work at night in a cold room like this."

He bent again over his desk. He had not left the Fitzgeralds' house until 9 o'clock. It was now after 10.

"I shall work until 11, then it's bed for mine," James resolved.

He had worked for a half-hour more when a sound drew his attention from the task before him. The door of the main office had opened and shut.

"Who is that?" he demanded quickly. He knew he was foolish, but a prickling sensation of fear ran down his spine.

There was no reply. A firm step sounded on the floor and a moment later his door opened and a man entered.

It was Somers.

James started to his feet with a smothered exclamation. The intruder smiled disagreeably.

"Ah! You are surprised to see me?" he asked. "By the way—good evening! In noting your consternation I almost forgot my manners."

The liquor gave James a false courage.

"Good evening!" he rejoined sarcastically. "I hardly think you are justified in saying that you noted any consternation at your appearance. In fact, I am not at all surprised to see you. I knew you were in town, for I saw you the other day."

"Indeed! Where?"

"You were getting off the train when I was leaving for New York. There was no time to attract your attention, as my train was just starting."

He would bluff it out, he told himself quickly. He was glad he had taken a good stiff drink of whiskey. He was not at all afraid of this man, nor of what he might do or say. He could not harm him!

"Then you have really been away?" Somers raised his eyebrows in mock surprise. "I hardly believed the statement of your stenographer to that effect. I thought you had primed her to give that message."

"Why should I?" James countered. "I have no idea what message she gave callers—but I suppose she gave the facts—that I was in New York."

Again Sommers smiled. "May I sit down?" moving a chair to the side of the desk.

"Certainly," James said.

He waited until the man had seated himself. Then. "It must be something important that you wish to see me about," he remarked. "It is a dirty night to be out, and a rather late hour to come to a man's office."

How thankful he was to be able to speak in the insolent way! Ah, liquor was a great stimulant! Without it he might have quailed before this insignificant creature.

"Yes," the other said slowly, "it is a dirty night—but a good night in which to attend to dirty business. That is why I am here—to see how you mean to settle matters between us."

"Settle matters?"

"Yes. Oh, don't pretend to ignorance of what I mean! You know that you promised to go into my scheme with me—promised that if you got money, you would put it into my bootlegging business. Yes—just that! You need not look alarmed at my mentioning the nature of my business. There is nobody here but just you and me and we may as well call things by their right names. I had a chance to make a good thing. You were ready enough to share the profits. Yet you said you had no money—that you could not raise any."

"Nor could I!" James declared.

"Not at that time, perhaps. But you gave me your word of honor"—with a sneer—"to let me know if you got hold of any, and to go into the liquor business with nobody but me. You know you did, you liar! I dare you to deny it!"

Freezing Weather Fails to Damage Nebraska Apples

FALLS CITY, Neb., April 3.—(AP)—While freezing weather of the past two weeks is said to have ruined the peach crop in southeastern Nebraska, the apple crop, the major one in this vicinity, has not been damaged, orchardists here said today. Apricots and plums are believed to be beyond hope.

Another Objection to 99-Year Lease By County Entered

Another "citizen and taxpayer" got into the fight to cancel O'Shea-Rogers 99-year lease on the city auditorium when Dr. George S. Gee filed a petition in intervention Saturday with the clerk of the District court. The original action was brought by Otto E. Lindberg against the county. The American Legion has since intervened and demanded that the lease be made out to it instead of O'Shea-Rogers.

Dr. Gee states he is acting in behalf of himself and other taxpayers and cites various laws to prove that the 99-year lease is a chattel real, that O'Shea-Rogers is a purchaser, and that the commissioners therefore had no right to enter into the auditorium contract.

The auditorium can be disposed of at double the sum named in the contract, he asserts.

Let the Legion be confirmed in its prior right to the contract, or at least let the O'Shea-Rogers contract be declared void, asks Dr. Gee. J. C. McReynolds is attorney for Dr. Gee.

Report McCook Man Missing In Omaha Over a Fortnight

OMAHA, April 3.—(AP)—Sam M. Malen, 42, of McCook, Neb., accompanied his brother, Tom, to an Omaha hospital more than two weeks ago and has not been seen or heard of since, police have been informed.

According to Mrs John Collins, a niece of the missing man, Malen had more than $200 and two railroad tickets on his person when she saw him last. He is single.

Speaks at Wesleyan On "The New Poetry"

Dr. W. W. Ellsworth gave the last of a series of lectures at Nebraska Wesleyan Friday morning on the subject, "The New Poetry." He set the beginning of the new era of poetry at 1912. Dr Ellsworth attributes to Walt Whitman the rise of the popularity of free verse.

"Five years ago 50 per cent of the poetry contributed to publishers was free verse," the speaker said. "During the past year this percentage has lessened, which would indicate that free verse writing is on the decline."

Dr. Ellsworth mentioned several negro writers and said, "Rhythm is inborn in the race. Many write in dialect, and all negro poetry is musical."

Banking Reserve Shows Decrease

NEW YORK, April 3.—(AP)—The actual condition of clearing house banks and trust companies for the week (five days) shows a deficit in reserve of $34,159,500. This is a decrease in reserve of $49,733,170, compared with last week when excess reserve of $15,573,670 was reported.

DRUSES ON RUN.

BEIRUT, Syria, April 3.—(AP)—The French began an offensive against the Druse tribesmen in southern Lebanon Friday. French authorities here say the movement opened under the most favorable auspices and that the Druses are fleeing in disorder, leaving a number of dead.

Omahan Arrested On Speed Charge Fails to Appear

Judge Chappell believes in being courteous to Omaha people, but not when they drive 44 miles an hour in Lincoln, he declared in municipal court Saturday morning. He issued orders for the arrest, if possible, of a man giving his name of L. H. Thomas, charged with speeding in Lincoln. Thomas failed to appear in court as he was booked.

Officer Eaton arrested Thomas while he was driving 44 miles an hour, according to his speedometer. Eaton was to attempt to get in touch with the Omahan.

J. L. Thomas and Ed Chriss were fined $10 each on speeding charges Saturday.

Because he was taking an injured child to a doctor, W. Raddatz was let off with a session in Judge Chappell's school. He was charged with violating an arterial stop signal. The doctor testified in his behalf.

K. E. Gilmore, charged with violation of an automatic signal, was put under personal recognizance bond of $100 to appear Tuesday. He denied guilt and the case was continued in order to receive the testimony of the arresting officer.

Officials Believe Thieves Set Fire; Offer $50 Reward

The $50 reward offered Friday by Union college officials for information leading to the arrest of persons thought to have stolen young chickens from one of the college brooders, which was then fired, still stands, Roy Kinzer, business manager of the college, said Saturday morning. Although Fire Chief Conners reported that he found sufficient bones in the ashes to show the chickens were burned and that the fire was consequently not incendiary, the college officials are far from convinced.

Ira Vorhies, deputy county sheriff, has been detailed to make an investigation of the case.

The brooder house was burned at about 5:30 a. m. Friday, and college officials said the lock on the house was opened when they arrived on the scene, and that there was nothing in the ruins to indicate the chickens had been burned.

The loss is estimated at $1,000 by Mr. Kinzer, and was set at $500 Friday by the fire chief.

Change In Plans Of Morrill Hall Increase the Cost

Several changes in the general contract for the new Morrill hall on the university campus were made by the special committee appointed by the board of regents, raising the contract price from $224,890 to $240,596. Specifications for the heating and ventilating, plumbing and electrical work on the building are not yet ready. It has been estimated that the total cost of the structure will be about $300,000. The general contract was awarded the Bickel Construction Co., and excavation has begun.

The stone pilasters on the front of the building have been dispensed with, a reduction of $1,571, and additions have been made as follows: Sub-basement, $1,681; built-in lockers, $2,476; museum cases, $8,719; celotex for part of walls, $1,600; change from wood to tile base for walls, $1,270; marble tile partitions in place of metal, $1,092; weather stripping, $439.65.

Chancellor Avery, Regents Cline and Seymour and L. F. Seaton compose the committee which made the awards.

Accept Resignation Of Rev. MacDaniels

The resignation of Rev. J. W. MacDoniels as pastor of the Temple Baptist church has been accepted, it was announced late Friday. He will continue in the pulpit until May 1. A successor to Rev. MacDoniels will be chosen by that time, members of the church said Saturday, but nothing has been done in the matter so far.

Mr. MacDoniels will remain in Lincoln, in another line of work, he indicated Saturday, but he is not prepared as yet to announce his plans.

Four Defendants Get Continuances In Federal Court

Four defendants, convicted of violations of the national prohibition law, appeared in federal court Saturday morning, but continuations were granted in each case.

Louise Vinciquerra and Earl Haning were granted a two-weeks continuance when their attorney, W. E. Jamieson of Omaha was unable to appear.

Erick Balderson, convicted of conspiracy, presented a motion for stay of sentence until Leupold is tried. Leupold is now serving a six-months sentence in a Kansas jail, with about four months yet to run. Judge Munger took the case under advisement.

Sentence on Leon A. Young and Ben Jones was deferred for two weeks because Judge Munger was not sufficiently familiar with the case. They pleaded guilty.

Chealey Speaks On Boys, Girls Camps

F. H. Chealey, author of a twenty-volume "father and son" library, and prominent naturalist, spoke to the leaders of the Y. M. C. A., Y. W. C. A., Boy Scouts and Camp Fire girls Friday afternoon at the Y. M. C. A. Mr. Chealey is in charge of an exclusive boys and girls camp at Estes park.

He illustrated his lecture with lantern slides of flowers, and plant life, woodcraft, and mountain climbing.

The Bear Lake trail school is the camp of which Mr. Chealey is director. There are two boys' camps and two girls camps each summer. Sixty-four boys may be accommodated at a time; and forty-eight girls. The name of the boys' camp is Haiyalla, and of the girls' camp, Chipeta.

A feature of the camp is to have Indian guides and instructors in woods lore and animal and bird life in the Rockies.

Seek Trace Of Cousin Adopted When Small Boy

Mrs. Theresa McCarthy of Lincoln and her daughter, Mrs. Viola Hefflin, are trying to find a trace of a cousin, Aden Robinson, who went with his adopted parents to Milwaukee about 1880 and has not been heard from since. He was adopted by a Mr. and Mrs. Robinson at Vermont, Ill., where the whole family then lived, and would now be about 55 years old. Theresa Walters was the maiden name of Mrs. McCarthy.

Snow and Slush Save Man's Life

BEATRICE, Neb., April 3.—(AP)—Earl Howard, farmer, said today he "could thank the snow and slush for my escape from a fearful death." Operating an oil chicken brooder, Howard was covered with flaming fluid when it exploded. His clothing, however, was wet from snow and he extinguished the flames before he had been seriously burned. His home was damaged $200 by fire before neighbors helped him save it

Briefly Told News From The Wires

WASHINGTON. —(AP)—President Coolidge expects congress to pass coal legislation at this session. In line with recomendations in several of his messages he wants legislation to enable him to appoint a mediation board in the event of a strike and to provide machinery for a coal administrator in case of a scarcity of fuel He believes such legislation can be enacted before adjournment.

ESTES PARK, Col.—(AP)—The College of Emporia, Emporia, Kas., won the national intercollegiate men's debating championship, defeating Northwestern Teachers' college of South Dakota Thursday in the debates held in conjunction with the annual convention of the national forensic fraternity, Pi Kappa Delta. The College of Emporia debated the affirmative side of the question as to whether congress should pass a national child labor amentment.

AUGUSTA, Me. — (AP) — Sheriff Henry F. Cummings of Kennebec county, will go on the witness stand to combat charges brought him by petitioners seeking his impeachment. This was announced Friday by Joseph E. F Connolly, his counsel, in opening the defense at the hearing before Governor Brewster and the executive council. Mr. Connolly asserted that the defense would take up in detail the various accusations that intoxication and gambling were common at the county jail and that women prisoners were allowed to roam the streets and go on midnight automobile rides.

MINNEAPOLIS — (AP) — Rev Knute Birkland's death in a vacant apartment here last December under unexplained cirmumstances was still a mystery today. Hope that an explanation of the former clergyman's death would be found by the Hennepin county grand jury was dispelled when the jury adjourned Thursday after absolving Mrs Wayne Hodge of La Crosse, Wis, of any connection with the death.

SANTA ROSA, Cal.—(AP)—Luther Burbank appeared Friday to have definitely entered on the convalescent stage of his illness His physician, Dr. Joseph H. Shaw, issued the following bulletin: "Mr. Burbank's general condition continues favorable. He has had five hours of restful sleep. His temperature is 98 8; pulse 110; respiration 18 and blood pressure 110-70." Visitors are denied the patient, but he was more cheerful than at any time since his illness began. He took nourishment in an encouraging manner.

CHICAGO—(AP) — The Methodist church is seeking to enlist its men in all lines of religious interest and work Bishop Edwin Holt Hughes declared Friday in announcing the Chicago area men's council to be held here April 29 and 30. Senators, congressmen, influential business and professional men and clergymen will take part. The attendance is expected to be greater than 1,500.

BRIDGEPORT, Conn — (AP) — Walter G. Gordon, 23, of Brookline, Mass, who Thursday night after listening to a sermon on "Onesimus," the runaway slave, at the Christian union here, asked the Rev Charles W Simpson head of the union, to turn him over to the police as a deserter from the navy, army and coast guard, yesterday told the police they say, that he had taken part in holdups. Gordon claimed that he, held up a mail clerk on a train between Dekalb, Ill, and Omaha, Neb, securing only $12 in cash.

COULD NOT PUT ON HER SHOES

Mrs. Daugherty Was so Weak

In a little town of the Middle West, was a discouraged woman. For four months she had been in such poor health that she could not stoop to put on her own shoes. Unable to do her work, unable to go out of doors or enjoy a friendly chat with her neighbors, life seemed dark indeed to Mrs. Daugherty.

Then one day, a booklet was left at her front door. Idly she turned the pages. Soon she was reading with quickened interest. The little booklet was filled with letters from women in conditions similar to hers who had found better health by taking Lydia E. Pinkham's Vegetable Compound.

"I began taking the Vegetable Compound," Mrs. Daugherty writes, "and after I took the third bottle, I found relief. I am on my eleventh bottle and I don't have that trouble any more, and feel like a different woman. I recommend the Vegetable Compound to everyone I see who has trouble like mine. I am willing to answer any letters from women asking about the Vegetable Compound."—Mrs. Ed. Daugherty, 1308 Orchard Ave., Muscatine, Iowa.

Mrs. W. Baumgart Tells How Cuticura Healed Children

"My baby had eczema on her face and hands. It broke out in a red rash on the sides of her face and troubled her at night so we had to put mittens on her to prevent her scratching. My little girl, eight years old, also had eczema. It broke out in a dry rash, itched very much and caused her lots of discomfort, especially in hot weather.

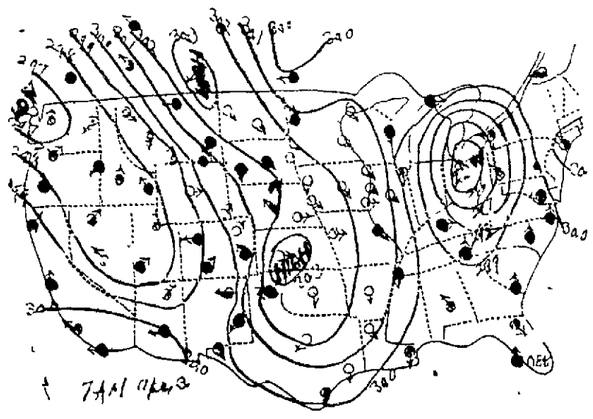

"I used the Cuticura Soap and Ointment on both of them and they were healed in about two months. I always recommend Cuticura Soap and Ointment to anyone suffering from eczema." (Signed) Mrs. W. Baumgart, 10113 Burton Ave., Cleveland, Ohio, July 16, 1925.

Use Cuticura Soap, Ointment and Talcum to promote and maintain skin purity, skin comfort and skin health. Soap to cleanse, Ointment to heal, and Talcum to powder.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. R, Malden, Mass." Cuticura Shaving Stick 25c.

Market Quotations

GRAIN MARKETS.

CHICAGO Ill., April 3.
The first after-holiday grain session today was marked by erratic movements, wheat closing ½c higher to ⅛c lower, corn 1 to 2c lower, oats ⅜c lower.

WHEAT—Wheat opened ⅛c better to ¼c down. The market was easily influenced. Immediately after the opening there was commission house and local pressure and the market declined sharply. Buying power was scattered and light. General snow over the winter wheat belt was a factor back of the decline. Later prices recovered a little on the strength at Winnipeg and reports of some wheat taken for export. Cash receipts were estimated at 13 cars.

CORN—Corn was steady to ⅛c better at the start on the unfavorable weather conditions over the corn belt. Offerings were light and there was a fair buying by locals. The easiness in the leading cereal markets influenced selling and a break was noted. Estimated cash receipts, 239.

OATS—Oats opened ⅛ to ¼c better and advanced a little after the opening. Offerings were light. After the start the weakness in other grains influenced selling and the market reacted. Estimated cash receipts were 103 cars.

PROVISIONS—Provisions are sharply lower.

Grains opened about steady today with wheat ⅛ to ⅜c off, corn ⅛c up to ⅛c down, and oats unchanged to ⅛c up.

Wheat was ⅛c higher to ½c lower early, with a small scattered trade. Locals sold after the start, causing a general decline. Outside interest was limited.

Corn started unchanged to ⅛c higher. Offerings were limited and support fairly active from locals.

Oats started ⅛ to ¼c higher on light offerings.

Provisions were 10 to 15c reflecting weakness in the hog market yesterday.

WEEKLY TRADE REVIEW

NEW YORK, April 3.—(AP)—Dun's today said:

"A new month and a new quarter have begun without visible evidence of a general setback in business. An abatement of activity has appeared in some directions, yet nothing in the present commercial situation would account for the recent collapse of stock prices.

"The speculative unsettlement apparently has not had a serious effect upon trade sentiment and reports from the steel industry stress the important fact that cancellations of contracts are absent. Not only has the leading producer in that line began operating to the full limit of capacity, but March pig iron output was at the highest rate in exactly a year.

"Supporting these favorable phases is a railroad freight traffic larger than that for any earlier week this year and also substantially above the figures for a year ago, and bank clearings 11.5 per cent over the total for this period of 1925."

Weekly bank clearings, $10,041,409,000.

NEW YORK STOCK MARKET.

NEW YORK, April 3.—Speculative interest was largely centered in Texas Oil and California Petroleum in the early trading today as the result of reports that the companies would be combined into a gigantic producing and distributing company with resources of half a billion dollars. California Petroleum sold in good volume up to 37 for a 2-point gain.

After a firmer opening, in which prices of the oil, motor and industrial stocks were inclined to slightly higher prices, a reactionary tone developed in stocks which led the closing advance on Thursday. Profit taking was quite heavy in this period and bearish traders renewed their selling pressure against stock of companies whose earning reports published since Thursday's close were not up to expectations.

The oil stocks continued in good demand the first hour. Simms and Skelly reached new high prices on the movement, but Sinclair declined as the result of its disappointing showing in 1925, as disclosed in its annual report. The company earned only $1.01 a share in the common stock though liberal provision was made for depreciation and depletion, as also for investment in new refining and producing facilities. The Pan-American stocks were steady.

Stocks of the mercantile and chain stores were freely offered in the second hour and prices declined in the maximum of nearly 5 points. But trading tapered off to the smallest volume in two weeks. Philadelphia Company led a rally in the public utility stocks and sold above 70 for 4-point gain. Bethlehem Steel retained its position at the head of the independent steel stocks and sold up to 42. U. S. Steel and Baldwin were firm, the latter advancing 3 points to 101½ on short covering.

Important speculative movement was lacking, due to the holiday nature of the week-end, and with many of the commodity markets closed and all of the foreign exchanges suspended until Tuesday. No response was made to the further decline of $114,000,000 in brokers' loans here.

Oil stocks led the activity on the stock market at the opening today. Texas Company and California Petroleum sold about a point higher and fractional gains were made by Sinclair, Skelly and Independent Oil & Gas. Pan-American "B" sold at 63⅞, up 1⅜; U. S. Steel was up ⅛ at 122¼; Baldwin up 1¼ at 100; Chrysler Motor up 1¼ at 33¾; U. S. Rubber down ½ at 66; General Electric up ½ at 305; Brooklyn Union Gas down ¼ at 70; Baltimore & Ohio up ¼ at 86⅜; New Haven down ⅛ at 34¾.

HOGS—Receipts, 5,000; mostly 10 to 15c lower; few choice medium weight butchers fully 25c lower; most classes closing dull at 15 to 25c lower prices; desirable 160 to 210-lb. weights, $12.25@12.50; top, $12.60; good 210 to 240-lb. butchers, $11.75@12.25; bulk 250 to 325-lb. butchers, $11.25@11.75; packing sows, $9.50@10.00. Bulk of all sales, $11.25@12.25; average cost Friday, $11.71; weight, 261.

Closing: On slightly bearish reports from outside points, local prices weakened a little all around. Best lights moved to shippers at weak to 15c lower levels, while others and packing grades sold slowly at prices with Friday's 25c lower close. Bulk of all sales was $11.25@12.50, top $12.60. Choice lights are steady to 25c higher for the week with butcher grades up 50@75c.

CATTLE—Receipts, 50. Compared with week ago: Fed steers and yearlings, uneven, mostly steady; bulk for week, $8.25@9.40; weighty steers and medium weights, $9.50; long yearlings, $9.75; she stock about steady; beef bulls, steady; bologna bulls, weak; veals, $1.00 lower; stockers and feeders, about steady. Bulk for week: Butcher cows, $5.75@7.00; heifers, $7.60@8.75; light heifers, $9.25; canners and cutters, $3.75@4.75; bologna bulls, $5.00@5.75; heavy beef bulls, $5.85@6.25; practical veal top at close, $9.50; stockers and feeders, $7.75@9.00.

Closing: Not a single load of cattle showed up today, and, as usual on Saturday, all classes were nominally steady. Supplies this week have been the lightest in more than a year, but on account of the dullness of the demand, most classes of steers are no more than steady for the week, while she stock have sold barely steady to if, anything, lower. A few of the best shipping steers closed in better demand than a week ago. Quality was not as good as usual, and, in the absence of real choice cattle, the week's top was $9.75; stocks and feeders were also in narrow demand, and in spite of light receipts sold weak to 25c lower on the extreme close.

SHEEP—None. Compared with week ago: Fat lambs, steady to 50c higher; advance on weighty offerings; sheep and feeders strong. Closing bulks: Fed wool lambs, $12.50@12.75; top, $13.00; fed clipped, $9.00@10.30; yearling top, $11.00; wethers upward to $9.50; fat ewes, $7.50@8.25; week's top, $9.00; feeding and shearing lambs, $12.00@12.50.

Closing: A much better tone was apparent in killer lambs this week, and prices scored advances of largely 25 to 50c. Feeders, if anything, showed slight losses from last Saturday, while aged sheep are fully steady for the six-day period.

SEEK TO ENJOIN FUNERAL HOME

Neighbors Declare Proximity Of Place Hurts Property Value.

Following the city's failure to enjoin Kroblen, Goldstein & Umberger from operating a funeral home at Tenth and streets, residents of that vicinity brought action in District court Saturday morning to restrain operation of the establishment.

The city's suit, thrown out of court recently on a demurrer, was instituted under a building restriction ordinance passed last July, while the present action is brought on the grounds that the funeral home is a public nuisance.

Plaintiffs in the action are: Adolph Hock, Adolph H. Brown, George E. Rolfsmeyer, Eva Elizabeth Lutzi, Edgar G. Morrisey, Carrie Morrisey, Fred W. Rische, George Beha and Hattie E. Babcock.

They claim that the property in question is situated in an established exclusive residential district and that due notice was served on Kroblen, Goldstein & Umberger not to start their enterprise.

The presence of this home is depreciating the value of surrounding property and depressing the spirits of the neighbors, they say. A perpetual injunction is asked. Claue Wilson is attorney for the plaintiffs.

Build Bathhouses At National Guard Camp at Ashland

Four bathhouses are to be erected and equipped at the Ashland rifle range under contracts provisionally awarded Saturday by Major H. S. Stine, federal disbursing officer and Adjutant General Paul, subject to the war department's approval.

George M. Robertson of Lincoln got the general construction contract at $8,013, while plumbing fixtures and installation went to Attwood & Co., Ashland, for $4,611. This was the only combination of bids coming within the advance estimate of $12,670, which is the sum allowed by the war department.

If Adjutant General Paul's request to the department for six bath houses to accommodate enlisted men and two for the officers should be granted, the contractors are bound by their bids to provide the additional buildings and equipment at double the figures mentioned.

There were 7 bids in all for construction, the half dozen unsuccessful ones ranging from $8,237 up to $10,179. Besides the low bid on plumbing seven others were filed at figures from $4,625 up to $9,286. An Omaha firm has the second lowest plumbing bid.

Each building for privates will be 30 by 40 feet in size, with a heater room 10 by 10 feet. The officers' structure will be 20 by 30 feet, with a heating room 8 1-2 by 10 feet.

TO "PROTECT" DRUGGISTS.

MILWAUKEE, April 3.—(AP)—Fred Pabst, sr., of the Pabst Brewing Co., told Wisconsin druggists Friday that in the event of legal action started against them for handling the new 3.75 health brew, he will provide counsel and pay all expenses connected with the case. The assurance of the president of the brewing company came after he was advised that the wholesale and retail druggists were somewhat adverse to marketing the new production, distribution of which began Friday due to the uncertainty of the state prohibition commissioner's attitude.

BEATRICE DEATH.
(Special to The Star.)

BEATRICE, Neb., April 3.—C. T. Pinkett, 82, passed away yesterday morning at the home of his daughter, Mrs. Len Gordon, in this city. He is survived by his wife and a number of children, including Mrs. Gordon and Martin Pinkett of this city.

BURGLAR IDENTIFIED.

OMAHA, April 3.—(AP) — Percy Banks, 24 year old negro, today was identified as the prowler who threatened and attempted to rob Mrs. Harland Christie in her apartment here early Thursday morning. Police said Mrs. Chrite made identification. Banks will be charged with robbery.

LIGHTNING CLAIMS TWO.

TEXARKANA, Tex., April 3.—(AP)—Two persons were instantly killed and four others severely injured late Friday when lightning struck the farm home of W. N. Johnson, near Red Water, Tex. The dead are Lola Johnson, 17-year-old daughter of Johnson, and Claude Hunter, negro farm hand. The injured are Mrs. W. N. Johnson, Marie Johnson, 13; Eula Johnson, 10, and a negress.

FIFTEEN OVERCOME.

CHICAGO, April 3.—(AP)—Fifteen persons who had been overcome by smoke were carried from an apartment building Friday after fire had cut off all avenues of escape. Three men and a woman, the latter probably fatally injured, were taken to hospitals. A policeman collapsed after carrying the woman to safety. Damage to the building was estimated at $50,000.

CLOSE ODELL STORE.
(Special to The Star.)

BEATRICE, Neb., April 3.—The general merchandise store of the Donham Mercantile company at Odell has been taken over by creditors who closed the store, placing G. R. Horne of Omaha in charge as trustee and C. N. Hinds, Odell banker, as custodian. It is not known what dispostion will be made of the stock.

Grain Notes

CHICAGO, April 3.—(AP)—Millers have been buying wheat only a car or two at a time, being governed by the demand for flour. The grain market is being fed by small shipments from the southwest.

Farmers are moving wheat moderately and receipts in the last two market days were smaller than shipments. The visible supply Monday may possibly show a decrease of more than 1,000,000 bushels, observers say.

Observers say the present outlook for spring wheat is for a crop of 250,000,000 bushels, basing the estimate on the acreage farmers intend to sow. Prospects for the growing crop of winter wheat on April 1 probably were the best on record.

The movement of corn is smaller than recently and farmers seem to be holding well. A few weeks will see them busily engaged in field work.

Girls Made "Ape Man" to Frighten Unwanted Visitors

NEW LONDON, Conn., April 3.—(AP) — The North Stonington "ape man" has been captured by the state police. So declared Sergeant Clifford Gorgas of the Groton barracks today.

The "ape man" is nothing but a dummy, according to Sergeant Gorgas, who says it was constructed by the Miner sisters, Muriel and Mildred, for the purpose of scaring away unwanted visitors.

The mystery has haunted the residents of that vicinity for more than a week.

According to the report of the policemen, Muriel Miner confessed her part in the alleged hoax after she had directed the police to Haystack Rock with the exclamation: "There he is now, go catch him."

At the rock the police found the dummy wrapped in a sheet with a large April fool sign hung on it.

Peking Bombed From Planes of "Allied" Forces

PEKING, April 3.—(AP)—The Tartar city (northern section of Peking) was bombed this morning by airplanes of the "allied" forces. Eight bombs were dropped in an attempt to hit the headquarters of Kuominchun or national army.

Some houses were damaged but no casualties are reported except the unconfirmed statement that one of the bombs killed a Chinese girl proceeding through the streets in a bridal chair to her wedding.

The "allied" forces opposing the Kuominchun comprise troops of at least five provinces—the three Manchurian provinces, Shantung and Hupeh. The principal leaders of the "allies" are Marshal Chang Tso-Lin, Manchurian dictator, and Marshal Wu Pei-Fu, who was ousted from Peking late in 1924 by a combination of Chang Tso-Lin and Feng Yu-Hsiang.

The last named now heads the Kuominchun and Wu and Chang are arrayed against him.

The Kuominchun forces were recently defeated near Tientsin and retreated to Peking, many continuing on northward to Kalgan, where Feing was last reported to be staying.

Both Litigants Are Attempting to Get Cases Tried First

Attempts by each side in the dispute over the will of Christopher Tiernan to get one of two cases tried first in District court were indicated Saturday when the First Trust company moved for a stay of trial in the ejectment suit brought by Catherine Loepeer against the First Trust company.

This suit would be a jury case, while one brought by the First Trust company against Tiernan heirs would be tried before a judge in equity court. It is this last named case which the First Trust company wants to have decided first. Even if the jury trial were held, the trust company contends, the equity case would have to be tried also, while if the equity case came first, all matters would be settled and litigation in District court would cease.

Mexico Offers a Divorce In a Day To U. S. Visitors

MEXICO CITY, April 3.—(AP)—Dispatches from Villa Hermosa say that a new law has been passed in the state of Tabasco which provides that a petition for divorce may be signed by only one person—either husband or wife.

Visitors will be granted a divorce within twenty-four hours. Facilities for quick divorce are to be offered visitors arriving at Frontera from the United States.

LOSES APPEAL ON BIG CLAIM

(Continued from Page One.)

that he suffered, and $110 for the medical expenses.

The district court found that Lunsman's receipt and acceptance of the $1,000 paid him by the state in full payment for his injuries barred him from any right to collect further damages.

The supreme court commission in the opinion written by Commissioner Martin found that District Judge Stewart's instructions to the jury were correct and affirmed the decision of the lower court.

Brown was later captured after a long search through Nebraska and into Wyoming. He was sentenced to the penitentiary and was killed there during the attempted outbreak several months ago in which he participated with Roy Smith and Joe Dunn.

Appointment Given O. K.

The commission upheld the Lancaster district court in its decision regarding the appointment of Margaret Sneddon as guardian of Alexander Sneddon, her grandson. The appointment was opposed by the Farmers & Merchants State bank of Wahoo.

According to the records of the case young Sneddon was found to be incompetent. His father is dead and at the time the case was heard, his mother was confined in the state hospital for the insane. The bank opposed the appointment of the guardian, chiefly on the grounds that Sneddon was indebted to it, the opinion says. It finds that the young man's grandmother desired to be his guardian for the purpose of preserving Sneddon's estate and was acting in his interest. No serious question of law is involved in the case the commission says in affirming the decision of the lower court.

Smith Verdict Stands.

Another appeal from a decision of the Lancaster county district court which was affirmed by the commission was that in the case of Ed Smith who sued John W. McGerr for damages to himself and his car, which resulted from Smith driving his car into a tractor owned by McGerr, which had been left standing in the highway. Smith charged that McGerr was guilty of negligence in that he had left the tractor near the center of the road without a warning light.

The accident is alleged to have happened after dark. Smith was driving down the road behind another car. He was blinded by the dust of the car ahead and turned out to avoid it. As he turned out he struck the tractor. McGerr claimed the accident occurred in broad day light, and that Smith was trying to pass the other car and lost control of of his car.

The jury in district court awarded Smith $227.50 damages, and the verdict was upheld by the commission. The court finds that the tractor was left in the road through the negligence of McGerr, and add that it was unfortunate that Smith should have tried to pass the other car at the time he said.

Reverses Lower Court.

Every provision of the law regulating the filing of nominating petitions for candidates in village elections must be strictly regarded no matter how trivial they may seem, since if one part is ignored there is legitimate reason why the other parts may be, the commission ruled in the case of State ex rel, Samuel Hughes vs. Frank Kucera, village clerk of Tobias.

Kucera refused to place the name of Hughes on the village election ballot as a candidate for trustee because many of the signers of the petition nominating Hughes had failed to state their residence and place of business. The lower court ruled that the law had been complied with and issued a writ of mandamus ordering Kucera to place Hughes' name on the ballot. An appeal was taken and the supreme court commission has reversed the decision of the lower court.

a tornado which struck a building where he and a fellow workman had taken refuge. It was held that his death did not result from "an accident in the regular course of employment," but from an "act of God." Now the supreme court will consider that question again and may possibly reverse itself in a later ruling.

Judgment of dismissal is vacated and Eno Saathoff's appeal reinstated, in a controversy from Boone county between himself and Julius H. Pieper and others as to who are the beneficiaries under a policy in the Union Central Life Insurance Co.

Kansas City Firm Sues For $10,000

Suit to collect $10,000 from Collins Bros., the Kansas City firm which is building the Cornhusker hotel here, was filed Friday afternoon in District court by the Gauger-Korsmo Construction Co., which originally had a contract for this hotel.

Affidavits for garnishment of money due Collins Bros. by the Lancaster Hotel Co., and for a writ of attachment were filed with the petition. The sheriff's office stated that the writ of attachment had been served immediately on the Central National bank, where Collins Bros. is believed to have funds.

The litigation will in no way interfere with the operations on the hotel, as the Lancaster Hotel Co. is in no way involved in the court action. The suit concerns only the two contracting firms.

The $10,000 claim is based on the sale of a contract for building the hotel. The sale was made August 15, 1925, it is alleged. Collins Bros. agreed to pay $12,369.46 and did pay all but $10,000, which was to have been remitted in $2,000 installments monthly, the petitions says. None of these installments have been paid, it is claimed.

200,000 To Take Part Atlantic City Easter Parade

ATLANTIC CITY, N. J., April 3.—(A. P.)—Atlantic City and its famous board walk are looking to an annual Easter parade of fashion tomorrow of 200,000 persons.

With a day of sunshine expected, hotel men and city authorities have co-operated to take care of a swarm of visitors, the Lifeguards' Beneficial association even preparing to stand by any venturesome souls who take an early plunge in the surf.

The board walk "beauty squad," seventeen policemen selected for their dashing appearance in uniform, will patrol the "Herringbone Way" to discourage mashers during the Easter parade.

The police department has announced plans for keeping the city "dried up" over Eastertide. The local force has been augmented by detectives from Philadelphia, Washington, Baltimore, Jersey City and New York.

PONZI CONVICTED BY FLORIDA JURY

Verdict Carries Two-Year Sentenced Or $1,500 Fine; Will Appeal

JACKSONVILLE, Fla., April 33.—(By the Asociated Press.)—Charles Ponzi, charged with violating the state statutes regulating the operation of trusts, was found guilty last Friday by a jury in the Duval Court of Criminal Records.

The verdict carries a sentence of two years in the state prison or a fine of $1,500. The jury was out one hour and three minutes.

Frank Brennan, counsel for the defense, filed notice of appeal for a new trial. The appeal motion will be heard next Tuesday.

Ponzi, who has been at liberty under a bond of $5,000 since his indictment February 8, will remain at liberty under the same bond.

Taking of testimony was completed in the morning and the afternoon was devoted to argument over the motion of the defense attorney to have Judge James M. Peeler instruct he jury not to consider that Ponzi was acting under a declaration of tust, and to the rebuttal.

Briefly Told News From The Wires

INDIANAPOLIS, Ind.—(AP)—Attorneys for Harold McCormick of Chicago, and Mathilde McCormick Oser, Muriel and Fowler McCormick, children of Harold and Edith Rockefeller McCormick, Friday appealed from the recent United States District court order dismissing a petition for an injunction to restrain the payment of stock dividends from a trust fund to Mrs. McCormick.

WASHINGTON.—(AP)—Unusual interest is being taken by the department of justice in the case of the British ship Quadra, seized off San Francisco which may involve a construction by the Supreme court of the legality of many American rum seizures under the treaty with Great Britain. Members of the crew of the Quadra lost in the lower courts and are seeking a Supreme court review of the case. This case is opposed by the government, which contends their is no substantial question of law requiring construction of the treaty by the court.

SPRINGFIELD, Ill.—(AP)—Postmaster General Harry S. New, addressing a meeting of supporters of United States Senator William S. McKinley here last night called upon his hearers to "let well enough alone" in the primary election by "re-electing the men under whose administration prosperous conditions have been brought about." In his address of approximately 3,000 words this was one of only a few references to the candidacy of Senator McKinley for renomination on the republican ticket for United States senator.

LONDON—(AP)—No change was noted last night in the condition of Princess Victoria, sister of King George, who is ill with influenzal pneumonia at Marborough House. Except for this announcement, the physicians attending her did not issue an official bulletin. The Prince of Wales is still confined to his room at York House after the operation on his ear early in the week. He is described as making good progress and was able to sit up for a little while Friday.

CHICAGO—(AP)—Mrs. Inez Osborne, who broke into the home of Mrs. Beatrice Caine and beat her with a golf club because Mrs. Caine would not divorce her husband for her, was held to the grand jury Friday in bonds of $10,000. The woman was charged with assault to commit murder and burglary. Mrs. Osborne told the police at the time of her arrest that she had loved Caine for ten years and that Mrs. Caine refused to give him to her.

CHICAGO—(AP)—Five bandits entered the plant of the Alco-Gravure company, Inc., here late Friday, forced eight men and women employes to lie on the floor under cover of their drawn revolvers and made away with $4,000, the company's weekly payroll. They escaped in a sedan.

Chicago Birds Take Places In A "Bread Line"

CHICAGO, April 3.—(AP)—The biggest bread line in many an Easter season was ministered to here today. The recipients of charity were birds who arrived from the southland to find their means of support rendered invisible by the post-season snows.

Bird lovers with crumbs and seeds found their philanthropy appreciated in all the city parks where the birds gathered in scores about every passerby who stopped to "empty his pockets."

In Jackson park a woman with a sack of salted peanuts counted 147 birds partaking of the beneficence.

GIRL ANNOUNCES ENGAGEMET TO WED BROWNING

too fresh," and Mr. Browning has always been a gentleman, he said.

Frances has a scar under her hair and blisters on her face. Her left arm, wrist and left hand are burned. Mr. Browning has offered to undergo a skin grafting operation, but this was found unnecessary.

A police official investigating the acid mystery declined to comment on published reports that an inquiry also was made into the death of 17-year-old Stella Lubin nine days after she attended a birthday party recently with Mr. Browning and Frances. The girl died from heart disease.

NEW YORK, April 3.—(By the Associated Press.) — Fifteen-year-old Frances Heenan is engaged to marry Edward W. Browning, she announced last night. He is buying a home for them on a 135-acre estate at Bellmore, Long Island, she added.

The latest Cinderella of the elderly real estate operator made the announcement to "correct the false impression that I am an adventuress" and to protect her beleaguered admirer, whose attentions to her are under scrutiny of the Children's society.

Both Browning and the girl previously had refused to confirm or deny reports of their engagement, although they made no secret of their friendship.

Recovering From Burns.

The girl now is recovering from burns on the face said to have been inflicted by an unidentified assailant, who threw acid on her as she slept, and Browning Friday offered to undergo a skin grafting operation to save her beauty.

"The date of our wedding has not been fixed," Miss Heenan said, "but it will be some time after my sixteenth birthday, which is on next June 23."

"Daddy," as she called Browning, has promised to let her pick out her engagement ring at a Fifth avenue jeweler's, she said.

"I am not marrying Mr. Browning for his money nor for a career," she added. "I am a home loving person and I want intellectual companionship with a man with whom I can feel safe."

City Briefs

Files for State Auditor.—Howard E. Crandall, now serving, now serving as deputy state auditor, made his filing in the secretary of state's office Saturday as a candidate in the republican primary for auditor. He is the third man to file on that ticket, the other being J. C. Lee of Hastings and Henry Pickett of Omaha. It is expected that L. B. Johnson of Omaha will also get into the g. o. p. race for auditor.

State Bank Call Out.—A call for statements showing conditions of business on March 29 has been mailed by Chief Kimmerle of the Nebraska banking bureau to 903 state banks now operating. It is expected that most of the banks will show an increase in deposits since the last previous statements December 31.

Must Register. Bonds—Following a hearing in District court Friday evening, District Judge Wheeler approved $20,000 worth of bonds issued by school district 36 of Nemaha county, and ordered State Auditor Marsh to register them. Mr. Marsh had objected to registering the bonds on the ground that the time of the election was not strictly legal.

Register Lease—A lease given by the Lincoln Hospital association to the Dalley Motor company and registered at the court house provides for the payment of yearly rental of $3,000 at the rate of $250 a month for 99 years. The Dalley Co. is erecting a new building at Eighteenth and O streets.

Classified Ads Never Fool People---Except By Doing More Than Is Expected

THE LINCOLN STAR

Classified Advertising

The Lincoln Star is a member of The Association of Newspaper Classified Advertising Managers, which includes leading newspapers throughout the country, and has for its aim the elimination of fraudulent and misleading classified advertising. The Lincoln Star as well as every other member of the Association, endeavors to print only truthful Want Ads and will appreciate having its attention called to any advertisement not conforming to the highest standard of honesty.

Ads ordered for seven times and stopped before expiration will be charged for only the number of times the ad appeared and adjustment made at the rate earned.

Special rates for yearly advertising upon request.

Careful attention given to mail orders. Cash in full must accompany out-of-town advertisement.

Advertising offered for irregular insertions takes the one time rate. No ad is taken for less than a basis of three lines.

CLASSIFIED ADVERTISING INFORMATION.

All ads are restricted to their proper classifications and to the regular Lincoln Star style of type. The publishers reserve the right to edit or reject any classified advertising copy.

Errors in advertisement should be reported immediately. The Star will not be responsible for more than one incorrect insertion.

CLASSIFIED ADVERTISING RATES.

Daily rate for consecutive insertions. Count six average words to a line. These special cash rates apply to advertising paid for within seven days after last insertion. Cash rate per line per day:

1 Time .12
3 Times .10
7 Times .09

These offices are open to receive advertisements from 7:30 a. m. to 10:00 p. m. daily. All advertisements received up until 12:30 p. m. will appear in all city editions the same day. All ads received between 12:30 p. m. and 10.00 p. m. will appear in all editions the following day.

Hoff Swings West To Display Skill On Exhibition Tour

NEW YORK, April 3.—(I. N. S.)—Charley Hoff, Norway's amazing pole vaulter was due to start today on a tour that will include a series of competitions in various cities throughout the country. His first stop will be Chicago where he plans to spend a week with friends before starting on his tour.

Hoff is definitely committed to appear at the Drake relay carnival at Des Moines, Iowa, April 23 and 24 and also is giving series consideration to many other invitations.

These include meets at Columbus, Ohio, April 17, Kansas City, Seattle, was May 1, San Francisco May 8 and Los Angeles, May 15. Invitations also are under consideration from Omaha and the University of the Iowa on dates that will suit the record-breaker's convenience.

Nurmi Coming Over

NEW YORK, April 3.—(AP)—Paavo Nurmi has decided to accept the invitation of the amateur athletic union to compete in the national championships at Philadelphia in July, according to information received from the flying Finn by Christ Dalton, local athletic official.

The news came on a picture postcard to Dalton in which Nurmi sent his best regards to American athletes "from the land of ice and snow." He said he had started training again, adding that "judging from results so far I believe I will get into good shape."

Northeast Fairs May Lose Races

WASHINGTON, April 3.—(AP)—Due to an unexpected break in the routing of races by a circuit which covered the fairs of northeast Nebraska, harness races may be abandoned at several county fairs in this vicinity this year. Vermillion and Plate, S. D., have dropped out of the circuit, leaving only Hartington, Madison and Albion, Neb., in it.

Stribling-Risko Bout Next May?

NEW YORK, April 3.—(I.N.S.)—John McMahon, matchmaker for Tex Rickard, hopes to close a bout today, probably for May 14, between Young Stribling, Georgia light heavyweight, and Johnny Risko, of Cleveland, who recently gained a sensational decision over Paul Berlenbach.

It's Just This Way—

Ask anyone to recite the alphabet, or to start counting, and he'll get going so fast that he'll have to throw on a set of oral brakes to stop himself.

Letters and figures are such familiar things that nobody thinks of reciting them at less than top speed.

And this same principle works when you look through the Star's Classified Section.

These classified opportunities are arranged in both alphabetical and numerical order—so that you can find what you want in the twinkling of an eye.

Nobody would dream of going through the classified columns at less than top speed. It's what every-day language calls a "cinch" to pick out classified opportunities.

Read this section daily, and take the big profits that take so little time to find!

Links Clout Ball To Wallop Fort Smith Club

Lincoln Bats Loaded With Dynamite In Friday Game

Zwilling Outfit Garners Twenty Safe Hits To Trounce Arkansas Pastimers by 17-8 Score; Bloodgood and Gunther Each Poke Out Four Safe Knocks; Bliss Poles Homer.

BY "CY" SHERMAN.

FORT SMITH, Ark., April 2.—Moving over yesterday in the habitat of razorback porkers, Dutch Zwilling and his Western league Links neatly trounced Fort Smith's Western Association aggregation, 17 to 8, in the opening encounter of a three days exhibition stand.

Judging from the dimensions of the base-hit column the Links left none of their favorite bats in the Claremore training camp. Although facing three Fort Smith twirlers, each of whom was whisking the ball up to the plate at top speed and using all the stuff that early season pitching will permit, the Links were swinging just a lot of hickory. Twenty hits, all told, rained from Lincoln clubs.

Al Bloodgood and George Gottleber accounted for the big end of the cannonading, each poking the pellet for four safe knocks, while Strawberry Bliss the Fairbury prune merchant and former pastimer in Fort Smith duds walloped the apple for a four-baser and a brace of doubles.

LINKS SCORE EARLY.

The Links wasted no time on preliminaries. They got after Kettenbeil in the introductory frame. With two Links down, Blodgood smashed for two bases and Bliss followed through with a drive which cleared the pickets in deep center.

Kettenbeil breezed through the second frame without having his feeling ruffled but bumped into disaster in the third when a walk to Swanson, a single by Bloodgood and successive two-basers by Bliss, Gunther and Gottleber sent four Lincoln runners scurrying over the plate.

Pitcher Alter successor to Kettenbeil, had little or nothing up his sleeve that was calculated to befuddle the Links, who nicked him for another marker in the fourth, added a pair in the fifth and rattled off four in the sixth. Subsequent proceedings were more or less inconsequential, as the Links had the ball game safely sewed up in their sack.

PALLAS IN FINE TRIM.

Al Pallas hurled with mid-season effectiveness during four rounds, holding the Razorbacks to two hits and one run. Ted Pillette then went to the mound and took things easy all the way to the end of the ninth frame. The Polar weather tightened the muscles of Ted's pitching shoulder and the home athletes smacked his slants for tight hits and seven runs.

Retirement of Pallas was not voluntary on the part of Manager Dutch, however, during a rundown of Pallas between the first and second sacks in the fifth inning. Weathers, first baseman for Fort Smith touched out the Lincoln flinger with more violence than perhaps was intended. The Weathers stunt was more of a rabbit punch than a gentle touch-out, as Pitcher Al was knocked cuckoo and had to be carried from the diamond to the bench.

PLAYED IN POLAR BSEEZE.

The contest was staged to an accompaniment of distressing weather conditions. A polar breeze was sweeping down from the north and the hundred spectators huddled in the stands were garbed in winter garments. The forecast for today indicated that the low mercury business is to continue, but mellowing weather is aid to be headed this way for Sunday, the windup of the Links stay in the Razorback state. Creighton Prep Wins Mat Title

OMAHA, Neb., April 3. — (AP) — Creighton prep won the first Omaha high schol wrestling championship Friday by winning championships in three events and taking runner-up honors in five for a total score of 33 points. Tech was second with 21 and North third with 16.

Young Jake In Line For Crown

NEW YORK, April 3.—(I. N. S.)—Jake Shaeffer who lost his 18.2 balk line billiard championship to Erich Hagenlacher of Germany, a few weeks ago, was on the threshold of new honrs today. He needed only 600 points to lift the 18.1 title from Willie Hoppe while the champion needed 1,233 points to retain his only remaining championship, which he won for the first time twenty years ago.

With the Links

BY "CY" SHERMAN.

FORT SMITH, Ark., April. 3.—Al Bloodgood's recovery from a week's siege with the flu appears to be complete. The ex-Beatrice youth was stinging the ball hard every time he stepped up to the plate, mailetting a double and three singles in five times at bat and circling the sacks for four runs.

George Gottleber crashed three line singles to left and rounded out his activities by punching a two-sacker to deep right.

Manager Zwilling did not attempt to break into the lineup. The Dutchman was limping from a slight injury, sustained during the Thursday workout at Claremere, and was content to stick to the coaching box at third.

Three former Nebraska state leaguers are rated as regulars by the Fort Smith management. Pitcher Kettenbell once hurled his southpaw benders for the Beatrice Blues. Pitcher Alter hurled in a Fairbury uniform and Epley, secondbaseman, formerly covered the short field for the Hastings Reds. Catcher Benn was with Oklahoma City in the Western league last season.

Charley Barrett, veteran scout for the St. Louis Cardinals, is personally in charge of the spring training activities of the Fort Smith aggregation. The Cardinals own a controlling share of the local franchise, using the local club as a "farm" for promising youngsters. Six of the Cardinals present regulars previously saw service in Fort Smith uniforms.

Manager Booe, player-manager in Fort Smith, came from Texas league to take charge here. The pilot of the Razorbacks was a rookie with the Pittsburgh Pirates something like a dozen years ago. Manager Fred Clarke sent Booe up to bat in place of a pitcher and Umpire Bill Klem gruffly asked the youngster for whom he was batting.

"I'm batting for myself," Booe replied, an innocent remark which apparently roiled the veteran arbiter.

"Well, what's your name?" Klem demanded.

"Booe," said the rookie.

"Don't boo me," shouted Klem.

"You're out of the game, no busher can put that over on me."

And Klem stood his ground until Manager Clarke finally convinced the irate umpire that the youngster really wasn't trying to get fresh.

LINCOLN SWEEPS GYMNAST HONORS

Anderson's Athletes Retain "Y" Title In Senior—Junior State Meet.

Coach O. B. Anderson's Lincoln Y. M. C. A. gymnasts swept through to a double victory in the Nebraska association meet Friday evening.

Lincoln gymnasts were the only competitors in the senior event, while the capital city youths showed their stuff to Fremont, Omaha and Columbus entrants in the junior compet.

George Haecker of Lincoln won junior individual honors. Harold Matthews won senior honors. Results:

Lewis Gets Draw In Street Mixup

CHICAGO, April 3. — (AP) — Ed. "Strangler" Lewis' April fool appearance in a snow drift with Charles S. Wheeler, a broker was declared a draw by Judge Frank M. Padden in a town hall court yesterday and the case was dismissed. The heavyweight wrestler had a split lip after his encounter with the broker in a dispute over parking rights in the middle of the street.

"Wheler thought it was a boxing match and Lewis thought it was a wrestling match. They both fouled," Judge Padden ruled.

CHAMPIONS HIT IN TOUGH LUCK

Pirates and Senators Strike Snag As Spring Season Nears Finish.

CHICAGO, Ill.—(AP)—Big league baseball clubs which have been heralded as this year's pennant winners are basking in the sunshine of their bright prospects while last year's champions pondered their recent hard luck.

The Pittsburgh Pirates, holders of the world's title, today expected to get their first workout in five days. They are now at Hot Springs, driven from Wichita and Kansas City by wintry blasts and are scheduled to meet Indianapolis today and Milwaukee tomorrow.

Emilio Palmero, a Cuban port sider, was on the mount yesterday at Quitman, Ga., for Columbus and humbled the mighty Washington Senators, American league champions of 1925.

Some Get Breaks.

Meantime things were breaking nicely for the New York Giants, New York Yankees, Philadelphia Athletics and St. Louis Cardinals, all of whom are conceded to be first division clubs.

Pitcher Shawkey of Huggins' Yanks, breezed along in fine form against the Brooklyn Dodgers at Atlanta, allowing only six hits and adding another victory to the New York list. Babe Ruth had a bad day, fanning twice. Terry, holdout Giant, searched Memphis in vain for John McGraw with the intention of talking terms. But it has been indicated "the master mind" is far from despondent even without Terry.

Rogers Hornsby's Cards won their twenty-fifth victory yesterday, beating Fort Worth in Texas, and freely admit they will beat the Dallas club today. The Red Birds have lost only one game this spring.

Athletics vs. Phillies.

Connie Mack has his Athletics back home ready to meet the other Philadelphia team, the Phillies, today. And he announces his players have improved in the past fortnight to add fire to their pennant chances. The Athletics beat Rochester at Richmond yesterday.

But the worries of the Phillies are not over. Bancroft of the Boston Braves having publicly stated he intends to start hurler Genewich against them in their first battle of the season. Genewich was consistently successful against Philadelphia last year.

Both Chicago teams annexed victories Good Friday. The White Sox downed Shreveport and the Cubs went eleven frames to defeat the Hollywood stars at Los Angeles. The Sox showed improved battling skill, but lack of timely hitting lengthened the Cub tilt. Both teams are playing again today.

Miller and Carr are scheduled to pitch today for the Cleveland Indians in the first of several games at New Orleans. Gaston is slated to go to the mound for the St. Louis Browns.

Red Sox Meet Colonels.

The Boston Red Hose start a four-game scries with the Louisville Colonels today and promise a surprise with the new sticks selected at the bat factory yesterday.

Ty Cobb, manager of the Detroit Tigers got one hit in two trips to the plate during the club's practice game at Augusta, Ga., yesterday. The team starts north Sunday night and plays at Atlanta Monday.

The Cincinnati Reds are divided at Daytona Beach today to decide the club championship, the veterans and Colts having four games each to their credit. Red Lucas, having qualified, will be on the slab and take his turn in the box hereafter, Manager Hendricks announced.

Sport Scribes Rap Dempsey

NEW YORK, April 2.—(I. N. S.)—Jack Dempsey will be the only champion who will not be honored by the presentation of a silk championship belt at the first annual dinner of the boxing writers' association of greater New York April 25. It became known today that the boxing writers had decided to defer recognition of Dempsey until such time as he becomes active in defense of his title.

"Hutch" To Coach Doane Forwards In Spring Work

CRETE, Neb., April 3.—(AP)—Doane college football candidates are scheduled to open spring training Tuesday following the close of spring vacations.

While over half of the men enrolled in Doane are out for track this spring, a large percentage of the remainder are expected to report to Coach Ward Haylett for spring football Coach Haylett will direct the first week's workouts with the aid of Wilber Adams, captain-elect of the 1926 team.

Harold Hutchison, center on the 1925 University of Nebraska football team, will take up the work of training the Tigers April 12 and will continue for the remainder of the spring workouts. Hutchison will put candidates for line positions through their paces. Hutchison's aid will enable Coach Haylett to concentrate his efforts on his track squad which he is whipping into shape for the Kansas relays.

Cruickshank In Front Of Field Pinehurst Open

PINEHURST, N. C., April 3.—(I.N.S.)—Bobby Cruickshank, unattached professional today had added another championship to his long string. As the result of his impressive victory over a field of the nation's best golfers in the north and south tourney here yesterday Bobby scored 293 for the 72-hole distance.

MacDonald Smith, Lakewood, Tommy Harmon, Hudson Rivers and Arther Yates, Rochester amateur, tied for second, a shot behind the winner.

Other prominent low scores were Joe Kirkwood, 296; Fred McLeod, 298; Jock Hutchinson, 301, and Johny Farrell 302.

Spring Squad Looks Good In Exhibition Grid Game

BY GREGG McBRIDE.

The Cornhusker pigskin pastimers varied the football training grind a trifle Friday afternoon by indulging in an exhibition game between two picked squads of spring candidates.

The spirited practice, which took place on the practice field at the south of the stadium sward, went to the red-jerseyed warriors by a 7-0 score, a touchdown by Blue Howell and subsequent extra point from the toe of Bill Bronson accounting for the victory.

The game had all the marks of a mid-season battle, the two sets of moleskin-clad warriors going at it "hammer and tongs" much to the satisfaction of some five hundred frenzied and freezing fans that inspected the workout.

Squad Shows Progress

Victory for the red shirts, however, was only incidental. The main cause for jubliation was the progress that the spring gridders manifested in the Friday tussle.

The backfield was executing shifts and performing in good fashion, while the linemen; although somewhat ragged, looked far ahead of the spring squad of 1925—a fact that lends itself to the belief that, unless ineligibility and absence from school hits the squad a solar plexus wallop, the Huskers will have a bang-up aggregation next fall. The exhibition was another argument for the spring training campaign instituted by Coach Ernest E. Bearg, emphasizing the fact that youngsters that attend the spring session will be away to a flying start next fall.

Youngsters Show Goods.

Main interest in the Friday game, of course, entered on the work of the youngsters that next fall will bid for their first chance to wear the ascrlet and cream spangles.

Prominent among the yearling force was Blue Howell who furnished a good exhibition of line-smashing as his contribution to the afternoon's entertainment. The ex-Omaha athlete made life a burden for the White tackles, driving through for consistent gains and on several occasions dragging several tacklers along in his yard-gaining pursuits.

Elmer Holm, former Omaha Tech boys, also was a powerful factor in the Reds' backfield. Holm was on the receiving end of two forward passes, one of which put the Reds' in a position to score the lone touchdown. One of the flips he plucked out of the air when a pair of White-jerseyed youngsters apparently had him pocketed.

"Bill" Bronson, Lincoln boy, generalled the winning team. He handled the team well under fire of competition and in addition carried the ball well, running back punts in good shape and smashing off tackle for good yardage. Bronson also did the aerial tricks for the Reds. His punting was fair and his passing all that could be desired.

Beck, Broken Bow boy and ex-Hastings college athlete, played an excellent defensive game, backing up the line from a fullback position.

Some Good Linemen.

The line play of the Whites was featured by the work of the "roly poly" twins—McMullen and Sopher—and Morrison. This trio—two guards and center—were the only Whites that had much success on the defense, the Whites being very pale around the tackles.

McMullen and Sopher are only 5 feet 7 inches in height but tip the beam a trifle over 200 pounds. Morrison, ex-Aurora, Ill., youth, played center for the Whites and played a whale of a game both on the offense and defense.

Other first year linemen looking good in the Ashburn, Tilden youth, and Krall of Grand Island. The Reds found little success in circling Krall's end, while Ashburn had considerable part in bolstering up the Red wall, which was rated on paper below that of the Whites.

Brown Furnishes Thrill.

"Jug" Brown with an occasional dash by Glen Presnell formed the main offensive threat for the Whites. Brown sent the football thrills chasing up and down the spectators' spine when he returned the opening kickoff through a broken field for 50 yards after catching the ball on his 8-yard line. Brown flashed the return practically unaided, the squad having had no drill in opening plays.

Ralph Andrews, Randolph high halfback that has shown considerable promise this spring, was only used during the second half and carried the ball only once. The Reds' had the ball most of the second half and when the Whites gained possession it was near their own goal line. Andrews' lone jaunt netted nine yards but was discounted by a 15-yard holding penalty when a White guard grew too familiar with an opponent.

Raish and Lawson, veterans of last season, were in at a guard and end position for the Reds. Raish drew a charleyhorse for his energetic work at a guard position. Lawson looked good at a wing and intercepted a pass during the first quarter. Holmes, Grand Island high boy, who started at a center, received a hip injury and gave way to Reeves, Omaha South product, in the second quarter. Each passed well and looked promising.

Teams Evenly Matched.

The Whites had the better of the argument during the first half, either team scoring during the first two quarters.

Brown's 50-yard return of the opening kickoff gave the Whites the ball on the Reds' 42-yard line. Brown was soon forced to punt and Bronson ran the ball back five yards to the Reds' 23-yard line. Bronson and Howell reeled off four first downs but the Whites took the ball on their 30-yard line when the wind blew Bronson's punt over the fence.

The two teams exchanged punts and fumbles, a pair of forward passes to Holm giving the Reds the ball in White territory as the half ended.

Reds Stage Comeback.

The Reds came back with plenty of vigor at the start of the second half. Howell started driving off tackle and finally broke loose for a 30-yard run which carried the ball to the Whites' 25-yard line. Howell drove off tackle with an occasional plunge by Bronson. Morrison and McMullen combined with Oehlrich to stop the Reds when they were within a yard of the goal line.

Brown dropped behind the goal posts and got away with a kick which rolled 55 yards, Bronson returning to the Whites' 40-yard line. The Reds carried the ball well into White territory, Howell missing a 32-yard placement from a wide angle.

A 15-yard penalty nullified Andrews' 8-yard sprint and a short punt gave the Reds the ball once more within scoring distance. A 15-yard pass to Holm brought the ball to the Whites' 13-yard line and a series of line smashes by Howell carried the pigskin across. Bronson place-kicked the extra point with Howell holding the ball.

A number of varsity fotball men, now members of Coach Henry F. Schulte's track squad, watched the game from the sidelines. This group included Captain Lonnie Stiner, tackle; Frank Pospisil, guard; Frank Dailey, halfback; Glen Shaner, end; Joe Weir, end. Perly Wyatt, halfback on the 1925 frosh first string, is also a member of the track squad, while A. Mandery and Ray Randels, not in school this semester, are expected back next fall.

A second grid game is scheduled for April 17, the probable windup of the spring grid season.

PAMPUS BULL TO TACKLE ITALIAN

Firpo and Spalla Await Gong For 15 Rounds In Argentine Ring.

BUENOS AIRES, April 3.—(AP)—Luis Angel Firpo expects to defeat Ermino Spalla of Italy in their 15-round bout tonight. The "Wild bull of the Pampas," looks for a harder fight, however, than he had when he tucked away the heavyweight championship of Europe to sleep two years ago in fourteen rounds.

Firpo has been training under the tutelage of Felix Bunce, millionaire sports man who was his mentor when Jack Dempsey knocked him out in New York.

Spalla has been in Argentina for a month. He has specialized on defense work to offset the wild charges of Firpo. Although the Argentine is the favorite in the slight betting that has been recorded the thousands of Spalla's countrymen if Buenos Aires are supporting the Italian at least sentimentally. They expect Spalla to win on principles if he is able to stay on on his feet six rounds with the local slugger.

Firpo Followers Confident.

Firpo's followers predict that he will send the Italian sprawling and win by a knockout within five rounds. Firpo, however, is not so optimistic.

The fight will begin about 10 p. m. New York time. Firpo will enter the ring weighing about 222 and Spalla 198.

If Firpo is victorius he contemplates another visit to the United States, where he will want a return fight with Dempsey.

Indiana Quint On A. B. C. Drives Bid For Money

RICKARD READY TO PLAY TRUMP

Tex Thought To Hold Dempsey Signature to Contract For Wills Bout.

Will Play Card To Clear Way For Summer Mill With Tunney.

BY DAVIS J. WALSH.

NEW YORK, April 3.—(I. N. S.)—Although he probably wouldn't admit the fact if one asked for it over the muzzle of a six-gun, it was understod today from quite reliable sources that Tex Rickard holds Jack Dempsey's signature to the elusive Wills contract in his safe at Madison Square Garden right at his moment. The document they said has reposed there for upward of six months. At the proper time it will be used but not for the present for which its provisions call.

It will be used, the writer is informed, to take the ball and chain off Dempsey's suspension in this state, when the boy will be footloose to proceed with the actual business at hand, in brief, a Dempsey-Tunney match.

This is supposed to be the answer to the mystery by which Rickard is progressing serenly with the matter of arranging a Dempsey match with Gene Tunney this summer while the state commission issues mandates to the effect that the champion will fight Harry Wills or not at all.

Rickard Bids His Time.

Rickard, they say, will go before the commission in due season and inform its members he has assurances from Dempsey that he will sign for the Wills fight if the board will take its official foot off the champion's windpipe. Would the commission so oblige? Why not, when it is supposed to be in existence already?

They say Rickard expects some one to step forward and kill the proposition without loss of time, whereupon, the thing having been proved impracticable he will suggest Tunney as the next surviving opponent and if nothing happens to the original idea at the outset it is declared Rickard will play ball with it until something does.

Rickard will have the match of the century.

"Out" for Commission.

This seems to be the only "out" for Rickard and the commission on the Dempsey-Wills-Tunney matter. The board cannot go into reverse on the thing without committing professional suicide. Rickard cannot go ahead signing Tunney and trying to sign Dempsey without having an ace for his hole card.

He has admitted that Dempsey came to him last summer with a signed contract for the Wills match. He declared he declined to accept the document because Dempsey was under suspension. But there was nothing to prevent him from minding the papers, while Dempsey went out for a walk.

Some observers seem to feel that Rickard's "out" will be to take Dempsey and Tunney to Jersey City but this idea was snuffed out when the promiter declared that he would do nothing in any state that would offend the local commissioners.

It seems he thinks better of his chances of out-smarting, rather than out-slugging them.

"Blind" Basketball Team Ends Season With 6 Wins

JACKKSONVILLE, Ill., April 4.—(AP)—The boys basketball team of the Illinois school for the blind closed its winter season today with six victories out of twelve games against opponents with full vision and a total of 166 points scored to 121 for their opponents.

With an average of only 15 per cent of normal vision, the blind boys took basketball last December and developed the short pas, the dribble, close guarding and short shots for the hoop with great effectiveness.

The star forward, Cox, played all twelve games and scored 8 1-2 points a game.

The rooters, themselves without vision or nearly so, are kept advised of their team's movement on the floor by a play by play account from the cheer leaders and their rooting is thus entirely normal.

Their games are further enlivened by music from the blind pupils' orchestra.

The principal benefit of the sport for the blind boys, said R. W. Wolsten, managing director of the school, is that they are given a chance to enjoy another activity of normal youths, adding greatly to their interest and their class room activities.

Vance To Face Terrible Tony

ATLANTA, Ga., April 3. —(I. N. S.)—Dazzy Vance, the strike-out king, was scheduled today for an attempt to halt the wild hitting streak of Tony Lazerri and the New York Yankees at the local ball park. Including yesterday's 4 to 1 victory over the Dodgers, the Yanks have won five straight from their rivals and haven't lost once in the last ten games. Lazerri has batted 1.000 in the last two games getting six hits, including a homer with the bases filled.
